It's Complicated:

A TEXTURED JOURNEY THROUGH ISRAEL, PALESTINE (AND JORDAN)

The Jewish Collaborative of Orange County invites you to embrace Israel though a special lens

DEC 29, 2024 - JAN 6, 2025

Optional extension to Jordan January 7-9, 2025

Led by **Julian Resnick**, founder of Journeys Making Meaning **Lisa Armony**, former Director of the Rose Project for Jewish Federation of Orange County, **Rabbi Marcia Tilchin**, Jewish Collaborative of Orange County, and **Rabbi David Lazar**, Or Hamidbar Palm Springs.

While most tourists to Israel visit celebrated historical sights and modern attractions, we invite you to join a people-focused journey that will present the complexity, difficult realities, dualities and nuances that make this amazing country what it is today.

Participants on *Mesubakh* will hear a multiplicity of voices. We will learn about Israel's remarkable diversity and multiple narratives through personal meetings and shared meals with an array of speakers and teachers, all of whom consider Israel and Palestine their home.
