Adas Israel is a community of communities. We are a vibrant, multi-generational synagogue that offers access to Jewish life and community for people of all backgrounds. We consider our size and diversity to be an advantage because we are able to offer everyone a different pathway or touchstone to help them find their connection to Judaism. Whether it’s attending Shabbat morning services, serving on the Gan Parent Association, Torah study with the rabbis, attending our musical programs, participating in our weekly meditations, attending one of our social activities or serving on a committee, there is a place for you in our K’hillah K’dosha (sacred community), and we are here to help you discover it. As you take a little time to find your place in this new community, we are here to help you every step of the way.

We plan to take a very active role on your journey over the next year in particular. The pages that follow offer a glimpse into what you can expect as a new member of our community. We look forward to getting to know you!
