

# Sandy Springs Eruv as of 22 Av, 5782

 = Not in Eruv

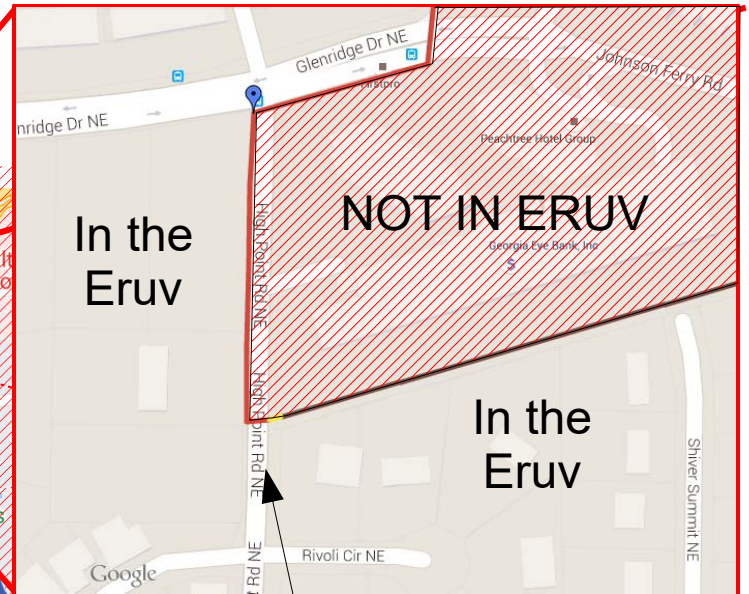

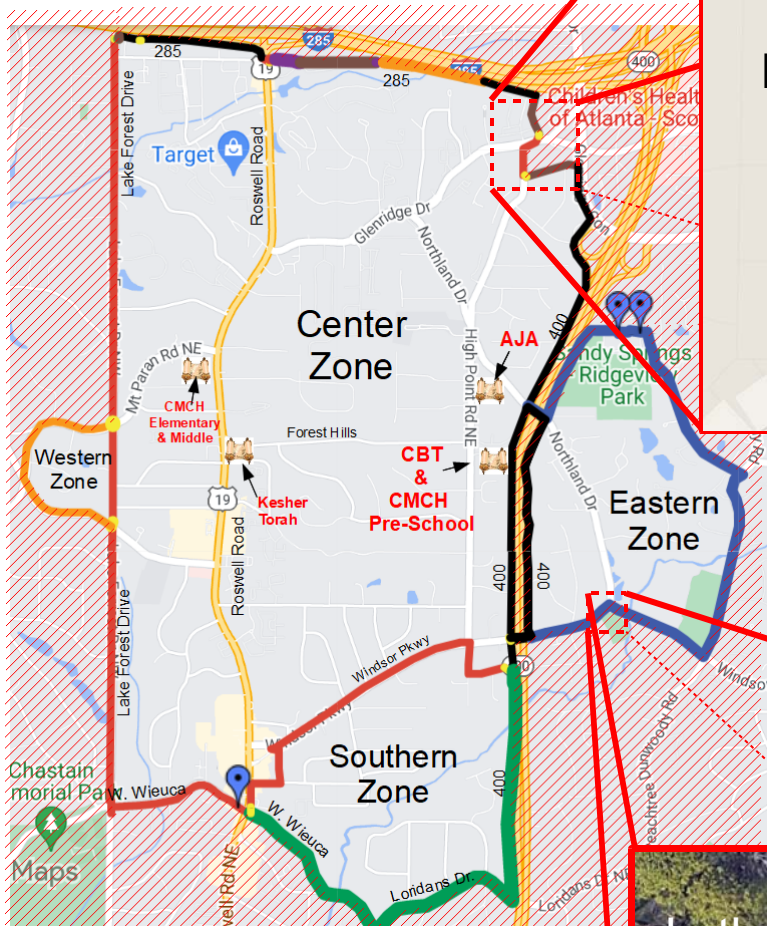

## THE SANDY SPRINGS ERUV

Many of the homes in our neighborhood are within the Sandy Springs Eruv. According to Jewish Law one is permitted to carry on Shabbos only within the confines of the eruv. If you live or will be carrying next the boundaries of the eruv, please refer to the map and precautions carefully. Some streets (north part of High Point and southern part of Northland for example) are not in the eruv. Please feel free to reach out to one of the eruv committee members for more details.

Precaution #1: High Point road between Glenridge and Rivoli Circle is NOT included in the Eruv because the eruv runs down the west side of High point (using GPC telephone poles) for this stretch. Therefore, it's recommended to use Northland when walking to and from this section of Glenridge drive.

This section of High Point road is NOT in the eruv.

The sidewalk at Northland and Windsor is NOT in the eruv.

Precaution #2: The sidewalk at the intersection of Northland and Windsor Parkway are NOT inside the eruv due to the position of the telephone poles used to make the eruv in this location; therefore, you may not carry around the full Northland/Windsor loop.
