## **CBH Cemetery**

### **Plot Costs and Financial Policy Guidelines: Members**

Payment in full for a single plot at time of purchase: \$3,000

Optional payment plans:

- \$3,200 total, financed over 3 years
- \$3,400 total, financed over 4 years
- \$3,600 total, financed over 5 years

Optional payment plans require an initial \$500 deposit.

Anyone who desires to purchase a plot must be a member in good standing for a minimum of one full calendar year. If a member wishes to buy a plot within the first year of membership, an additional \$2,100 surcharge per plot shall apply. Failure to pay according to terms results in forfeiture of the plot, which reverts to CBH with no refund of any prior payment(s). (At the discretion of the Congregation's Executive Director, additional time may be given in cases of financial hardship.) Members are not restricted in the number of plots they may purchase and can use their plots for family members they designate in compliance with stated ritual policies.

In the case of a member's relocation or other unforeseen circumstance, plots that have been paid for in full may be sold by the purchaser only to another CBH member (plots may not be resold to individuals who are not members of CBH). The sale must be reported to CBH. CBH will not offer refunds for any plots that have been purchased but are no longer desired.

In the event of death before full payment is complete, the deceased member's estate is responsible for paying off any remaining balance within one year of the death date. Plots purchased by members for immediate use require a \$1,000 deposit, with the balance paid within one year. (At the discretion of the Congregation's Executive Director, additional time may be given in cases of financial hardship.)
