Shofar Relay 5782

Between Adath Israel and Temple Beth Hillel Beth El
Tuesday, September 7, 2021 between 4:15 PM – 4:45 PM

Back by popular demand: Much like lighting fires on top of mountains across great distances to communicate the coming of the new month, Rosh Chodesh, we will be using the shofar to signal the New Year, in our second Shofar Relay! Beginning at 4:15 PM, our hosts and shofar blowers will gather at locations along a pre-set map. At 4:30 PM sharp, a shofar blower at Adath Israel will begin sounding the shofar. Once the next site hears, they will sound the shofar, and continue the message along the route until the message of the shofar is transmitted from Merion to Wynnewood. Gather along the route before 4:30 PM to hear the sounding of the shofar between 4:30 PM and 4:45 PM. No running required for this relay. Weather-permitting.
