SAVE BENNY AND JOSH: Jennie & Gary Landsman have 2 sons, Benny (2 years old) and Josh (1 year old) both of whom have been diagnosed with Canavan Disease, a rare, progressive and fatal genetic neurological disorder. This debilitating disorder, which leads to an inability to walk, talk and even swallow, leaves affected children with a lifespan of just 5 to 10 years old. There is a promising gene therapy procedure that could very well halt and even reverse the disease's most damaging symptoms. In order to raise the very large amount of money required to participate in this trial, Jenny & Gary have set up a GoFundMe campaign called Save Benny and Josh. To read more about their story visit <https://people.com/human.../parents-raise-1-1-million-save-boys-fatal-genetic-disease/>. To contribute to the GoFundMe campaign visit <https://www.gofundme.com/savebennyandjosh>.
