

## **CLASSROOM BRIT (COVENANT)**

- **Derech Eretz:**

Derech Eretz literally means the way of the land. It implies a standard code of being in relationship with others; how we treat others and how we can expect to be treated.

### **The following is our school philosophy:**

- All students and teachers will treat one another with kindness and respect.
- The classroom and school are places where students can feel safe. They can share their thoughts without fear of ridicule or embarrassment.
- This is a place of community and learning and everyone is responsible to ensure these goals.
