

4th Radlett Scout Group – AGM Report 2020-2021

Our Scout Group has continued to run all sections (Beavers, Cubs and Scouts) on-line during lockdown. There has been a drop in numbers, however, we have maintained a core in each section.

We have been able to achieve this due to the commitment of our leaders. Our Group is one of a few that has provided weekly structured and fun on-line meetings during term time for all sections.

At the time of writing, face-to-face meetings have resumed with strict guidelines and risk assessments in place. Fortunately, as we are part of Elstree District, we have been able to use the Well End Scout Activity Centre for outdoor meetings until the end of the academic year.

It is clear that our young members have a desire to meet up again in person and get active which, no doubt, will benefit their physical and mental health.

We await further announcements and hope that we can resume meetings providing scouting skills for life in the Synagogue Hall in the Autumn term.

There is a waiting list of young people wishing to join, however, we need to be sure we have somewhere to meet and recruit more leaders before admitting more members. Anyone interested in helping, whether occasionally or more regularly in uniform, will be most welcome. For those that wish to get more involved, training will be provided (training can lead to associate membership of the Institute of Leadership and Management).

It is a time of continuous and sometimes rapid change which we are prepared to embrace thanks to our Executive Committee and Leadership Team.

We look forward to providing regular weekly meetings, activities and camps again in the near future.
