

In our next Values and Deliberate Living class on **THURSDAY, October 15 at 8:00 p.m.**, we will address this

### **OPTIMISM QUOTE**

"Optimism is the ultimate creative act. It's imagining the best possible outcome or world without any constraints. When you create the conditions for it, you inspire others to move toward that future. Optimism is not being a cheerleader—a mood you indulge, wishful thinking, blind faith, about ignoring discouraging signs, or only focusing on positive aspects. Optimism is not a luxury or overlooking the need for risk assessment either. Instead, when you have an optimistic orientation, you position yourself as an opener, not a closer. You're more inspiring, you're more fun, you're way more magnetic." -- GLENN COLE
