**Subject:** ECC Summer Camp Opening June 15!

Dear ECC Families,

Thank you for your continued patience and understanding as we make decisions about our ability to re-open the Early Childhood Center. **We are excited to announce that the ECC will open for Summer Camp on June 15!** The first two weeks of summer camp (June 1 and June 7) are cancelled, but we are adding two weeks (July 13-17 and July 20-24) during time we previously planned to be closed. Due to the ever-changing guidelines from the CDC, our camp hours will be from 9-4:30 pm for the first three weeks. We will then re-evaluate the CDC guidelines to see if we can extend our hours.

Temple Beth-El Early Childhood Center has implemented updated health precautions due to the COVID-19 pandemic. This includes new center procedures, providing face masks for all teachers, gloves when appropriate for TBE employees, additional employee education on hygiene and proper hand-washing, more social distancing, and cleaning of common areas, classrooms, and school-wide nightly disinfecting and sanitization. We will screen our staff and campers daily for temperature and symptoms prior to school. Our classrooms will abide by lower child-teacher ratios per the CDC Guidelines and Pinellas County License Board requirements, and there will be no interaction between the classes. **We will send you our detailed policies and procedures by Wednesday, May 27**, as they are still being finalized to make sure we adhere to all licensing and CDC requirements.

Please fill out this form ([click here](#)) to indicate your plans for attending ECC Summer Camp in June and/or July 2020. We realize you may wish to review the detailed policies and procedures before making a final decision. Therefore, please fill out the form by Friday, May 29.

We can't wait to see everyone on June 15!
