

Temple Beth-El would like to enhance the way we talk about financing Jewish Education.

Continuing the traditions of providing Judaic and Hebrew learning for our children, while also innovating for their future, requires the investment of both our families enrolled in Sunday School and our entire congregation. Our mission is to provide transparency and clarity, so that you feel more comfortable knowing how our program operations are funded.

It costs more than \$1,250 per Seeker (student) to achieve the quality of learning Temple Beth-El provides. We have, and always will, rely on our entire community to defray some of these costs to our families.

Therefore, we invite you to [join our program](#) with an investment of **\$825 per Seeker** for the 20-21 SY

Benefits of your Investment:

- Enrollment in Sunday School, including all Sunday School resources
- Weekly Hebrew learning experiences with grade-level peers (Hebrew Homeroom)
- A variety of engaging and interactive Judaic course options
- Activities and cultural experiences
- Optional, private Hebrew tutoring sessions for Seekers (available upon request)
- Access to a dedicated Learning Management System platform
- A portion of your investment (\$125) covers program supply and material costs
- Opportunities to engage in volunteerism, social action and mitzvot
- A supportive community of families and regular family programming
- A dynamic future of innovative Jewish learning resulting from:
 - High quality teachers, participating in ongoing professional development
 - Physical and virtual educational spaces, to best meet the needs of the moment
 - Collaborative experiences with Seekers from a variety of Tampa Bay congregations
- First year of Temple-Beth El membership included (optional)
- Individualized B'nai Mitzvah support (may require an additional investment)

Temple Beth-El understands that financial difficulties should not preclude seekers from a quality education. Scholarships and discounts are available on an as need basis.
