

Getting Ready for Our Virtual Seder

- **Haggadah** – either print a copy of the prepared Haggadah for everyone who is in your home joining us for the seder (ideal), OR ensure all participants are within view of a monitor and able to read the Haggadah text as it is shared on the screen.
- **Ritual Items & Foods** – our Haggadah text references the following items, any or all of which you are encouraged to have available on your Seder table to participate as fully as possible. We've divided the items into two groups: “Yes (but only if possible)” and “Sure (if you happen to have them)”

YES (but only if possible)

- Candles
- Kiddush Cup – be sure to have extra wine or grape juice ready
- Matzah - 3 pieces for those who intend to break the middle matzah and hide an afikomen
- Parsley (Karpas) and Salt Water
- Horseradish (Maror) or some other bitter herbs
- Charoset

SURE (if you happen to have them)

*** Clergy will have these items, so you are covered!*

- Miriam's Cup - can be any wine glass filled with water
- Elijah's Cup
- Roasted Egg
- Shankbone
- Seder Plate - if you have one great, though simply having any of the ritual foods/items available is more than sufficient
