Rabbi's Greeting

It is my pleasure to offer greetings and blessings to those who built our magnificent Young Israel in Deerfield Beach and to those who lead us today as we go forward to future heights. 43 years ago, YIDB was merely a fanciful dream and today we enjoy the splendid reality of a true *Makom Kodesh*. When the *Torah* instructs to build a Sanctuary, it says **ועשו לי מקדש ושכנתי בתוכם** “Build for Me a sanctuary and I will dwell in them.” The commentaries point out that it says “in them” instead of “in it” – meaning that the goal of is that *Hashem* shall dwell in every one of us! It is not about the beautiful structure; it is about how we internalize its holiness. YIDB is an exquisite building but that is only a part of the story. YIDB has built a worldwide reputation as a *shul* that provides opportunities for *Torah* studies and *Chessed* as well as offering a host of social and cultural activities and services for all. It is the center of life in the village. This year is special. In Hebrew the number 43 is מ"ג or when rearranged form the word גם which means “also” or “additionally” meaning we have to add to our already busy schedules and enhance our spiritual portfolio. More *Torah*, more *Mitzvos* and *Chessed* when the world needs it most.

The world has changed since October 7th. Our holy heroic brothers and sisters in Israel have united in incredible fashion to eliminate the forces of evil which threaten the safety and security of our holy land. This inspires us all as we continue to pray for complete victory. Oct. 7th has also provided sobering clarity as it identified a new group of people. We always knew who our friends were. We always knew who our enemies were. We can now clearly identify a third category – those who are *not our friends*. They may be our co-workers, neighbors, kids of our neighbors in Ivy League colleges or casual acquaintances but they are clearly not our friends. It is a reminder **שין לנו להישען אלא על אבינו שבשמים** we rely upon *Hashem* alone. What we can do to counteract darkness and negativity is to increase “גם” in all that we do to bring blessing to our people. May the hostages be released, the war come to an end, and peace reigns in *Eretz Yisrael* and throughout the world with the coming of *Moshiach* NOW!

On my own behalf and on behalf of the Rebbetzin I wish *Mazel Tov* to all and look forward to many more years of inspiring growth and leadership in the future!

President's Message

With gratitude to the *Ribono Shel Olam*, we are once again gathering together to celebrate the vitality and beauty of Young Israel of Deerfield Beach (YIDB), and especially acknowledging those who opened the doors of this *Makom Kodesh* 20 years ago, and those who are striving to further enhance its beauty, both physically and spiritually.

As Rabbi Lord Jonathan Sacks *ztz"l* wrote in his essay on *Celebration*, "If leaders are to bring out the best in those they lead, they must give them the chance to show they are capable of great things, and then they must *celebrate* their achievements." That is what happens at the end of this coming week's *Parsha, Pikudai*, one that brings the Book of Exodus to a sublime conclusion after all the events that occurred before.

That is also what happened here 20 years ago. Over 1,100 people, headed by politicians both local and state, participated in the formal dedication of the Young Israel of Deerfield Beach. The driving force, the leader behind the success of building this beautiful *Makom Kodesh*, was Danny Berger, chairman of the Building Committee. This moment was their moment of celebration. The Book of Exodus ends with the construction of the Tabernacle. The book of YIDB in its new home began with an act of human creation.

Today's YIDB will also be recognized for its efforts on behalf of the State of Israel through its generosity in a recent campaign supporting United Hatzalah of Israel. United Hatzalah has dedicated today, March 10, 2024, as YIDB Day in support of those efforts throughout Israel. Thank you to all who participated.

We will look toward the future as well. We will acknowledge the work of those who have and are participating in the physical enhancements to our *Shul*, a project led by Rabbi Dr. Saul Landa. Special thanks to our major benefactors Dr. Howard & Goldie Lorber, whose generosity has provided the impetus for the changes we have already seen and for additional giving by others.

Finally, on behalf of the Executive Board and Board of Directors, we take this opportunity to thank all our members who have stepped forward to give of their time and effort. Those efforts make everything we do for the community possible.

Message from the Sisterhood

Our Sisterhood is the heartbeat and driving force behind the mission of Young Israel of Deerfield Beach ("YIDB"). We honor the tireless efforts of all the women who have served before us for organizing and executing the functions and programs that helped build what we have today.

At the core of our sisterhood lies an unwavering commitment to the sustenance and growth of our *shul*. We are dedicated, as were all those who served on the sisterhood boards before us, to ensuring the continued operation of the Young Israel of Deerfield Beach.

Our strength lies not only in our programs but in the invaluable support of our volunteers. We extend an invitation to each and everyone to contribute your time, passion and expertise. We strive on the energy and dedication of those who graciously offer their skills and enthusiasm.

Message from the Men's Club

It is the honor of the Men's Club to extend greetings at the 43rd Anniversary Dinner/Journal of the Young Israel of Deerfield Beach. We especially wish to extend a hearty *Kol Hakovod* to the Dinner and Journal Committees for your outstanding job in making this evening a success.

This has been an exciting year for the Men's Club as we became, once again, an active and integral part of the Young Israel of Deerfield Beach community. We have sponsored a wide range of events, including a day at the rodeo, a July 4th Bar-B-Q, nights at the movies, a *Shabbos mervorchim* dinner, a Super Bowl extravaganza, and a baseball outing.

We are looking forward to hosting special events in the future and to continuing our discount card program providing discounts at most of the kosher restaurants in our area and at other nearby merchants.

The Men's Club urges all YIDB men who are not yet members to consider joining our ranks.

Message from the Journal Co-Chairs

This year we are paying tribute to all of those who had the foresight and inspiration to have the dream of a Young Israel of Deerfield Beach, and then build our beautiful *Makom Kodesh*. Without all your inspiration and devotion to YIDB we would not be the success we are today.

Our *shul* has grown not only in membership but also in the number of outstanding programs that are a regular part of YIDB. Our *shul* supports a wide range of *shiurim* for both men and women, an outstanding scholar in residence program, *Bikur Cholim* services, Circle of Friends, Intergenerational Enrichment program – and the list goes on.

We would be remiss if we did not also thank the Sisterhood and Men's Club for their ongoing social and financial support for YIDB.

This Journal benefits greatly from the photographic artistry of Richard Graber, who created its front and back covers. Many thanks also to Maya Cohen who kept track of the Journal's finances and to Judy Hassan and Sharon Kamman who provided significant administrative support.

This magnificent evening would not have been possible without the hard work of Chanie and David Zwibel, Co-Chairs of the Dinner Committee, and to all those who helped with the many phases of the dinner – to include decorations, seating, logistics and myriad other activities.

May we continue to go from strength to strength.

place to *daven* but was also the reason that so many
more people moved here. Our deepest thanks to

We Tried Our Best

Special care has been given
to insure the accuracy of this journal.
However, we are only human and mistakes can occur.
We regret any errors and apologize for them.

We express our thanks to those individuals
whose messages were received after

The Dinner Committee worked very hard to plan
this tribute to the past, present and future.
We hope that you understand and appreciate
the difficulty of their effort.

We thank Ambassador Printing for undertaking
