This year more than ever, connect with friends and family through our Programs and Activities!
There is a beautiful old tradition that takes place in our homes every year on the evening before the first night of Passover called *bedikat hametz*. We take a feather, a candle and a wooden spoon to search through the crevices of our homes to seek out and collect any stray pieces of *hametz* that may have been missed during our Passover preparation and cleaning. Usually someone makes sure to hide a few pieces on purpose, just to make sure that some leftover leaven can still be found, gathered up and then burned the following morning, symbolically marking the final ridding of *hametz* from our homes.

In essence, this is the Jewish ritual equivalent of going over your house with a fine-toothed comb (or perhaps a better analogy would be scrubbing your floor with a toothbrush), to ensure that your home is really, really "Pesach-ready!"

Now it has always struck me that in our modern age we could certainly use much more effective, modern means to conduct this search. How about a high-powered LED flashlight and a cordless vacuum? Why this strange reversion to ancient technology, which by the way is far more apt to accidentally leave some *hametz* behind?

The answer is that the simple beauty of incorporating this ancient cleaning method underscores the value that we Jews place on our tradition.

That is also why we still publicly read Torah from a scroll until this very day, rather than using the eminently more practical printed book (which would make things much easier, especially when it includes the vowels and trope)! And these days someone could easily develop a smartphone app that would find the proper section of Torah and read it aloud perfectly -- without any need for preparation, or any risk of human reading error!

Again, there is an undeniable beauty and holiness to be found in preserving our imperfect, traditional practice -- even with the prospect of more capable and convenient technology.

A few years ago at shul, one of our Hebrew School students asked me what time it was, when there was a clock hanging right on the wall next to him. I pointed up to the clock right there on the wall, but this was one of the old analog clocks --with ‘hands’. I remember the puzzled look I got back, “Nobody ever taught me how to tell time with one of those ‘old’ clocks before!” Apparently, if it wasn’t digital, he just wasn’t going to know what time it was.

I fondly remember the look of shock and puzzlement on our children’s faces when Linda and I decided to go through our old record collection one evening when our kids were young. The fact that a needle could be used to make music come out, appeared to our kids like something out of a Flintstones cartoon. Avi wanted to know how to skip to the next song, since there was no button to push. I told him that you lift the tone arm and place it over the next track. He replied: “What’s a tone arm?” Geesh.

Try giving a cassette tape to a Bar Mitzvah student these days and you will get a similarly dazed reaction. That’s actually what led me to create my SiddurAudio web project in the first place!

This year many families will incorporate ZOOM into our traditional Passover Seder practice. It’s not perfect, but it is definitely enabling families and friends to join together despite the pandemic. And that is one of the great strengths of Judaism. We preserve the old while embracing the new, but we avoid allowing the new to displace the old. Next year, God-willing, when the pandemic is under control, we will all get to celebrate Passover in person. Yet at some of our tables there may continue to be a place for Zoom in our lives as we strive to keep our shut-ins connected.

Modern technology may have given us the convenience of *Kosher L’Pesach* birthday cake (I know, because that’s when my birthday usually falls), but we still take the simple matzah, and practice our beautiful, ancient traditions to give sanctity to this most powerful of Jewish holidays.

On behalf of Linda and I, we wish you a meaningful and joyous Passover with all your family and friends, however you choose to keep those connections intact.

A Different Kind of Journey

During a recent Shabbat morning service, the rabbi recited the prayer called, “A Prayer For One’s Personal Journey” (Lev Shalem, p.169) which ends with the following statement to G-d, “Remind me that I don’t have to journey far to discover something new, for miracles surround me, blessings and holiness abound. And You are near.” This particular part of the prayer stood out to me very differently at this point of the pandemic than it ever has before. To me, it is saying that we need to appreciate what we have in our lives and look closely at the opportunities that are right in front of us and when we do good things will happen. It reminds me of the old saying, “What goes around comes around.” If we are always doling out goodness and positivity, then that is what will come back to us! As President of Beth Shalom, I feel like our small, yet strong, kehillah lives by this prayer at all times.

It has been a year now since we started living through a pandemic. In a very short time, Beth Shalom was able to pivot and create goodness and positivity out of something that was unknown, scary, confusing, and relentless. Because of the efforts of our staff and members, we have created a new journey that has been unique for all of us, but we have been able to travel it together.

With that said, if you are a Facebook user, I would encourage you to “friend” me on Facebook, so I can follow your personal journeys while we all can’t be together to share our experiences in person. So far, I have seen really inspiring posts from members that are making the most out of this experience. For example, we have two members (and, there may be more) Sherie Green and Bethann Johnston who are participating in the #52hikechallenge. This means that every week they set out to hike a different trail in order to reach 52 hikes by the end of the year! How inspiring! Another example, would be Elaine Strauss who is working in conjunction with several other local Jewish moms to deliver sandwiches to an organization called CHRIS 180, who then redistributes the sandwiches to the homeless and food insecure. So far, this group has delivered over 63,000 sandwiches! In addition, Joy Baranovitz has joined an organization called “Lasagna Love” and makes a meal once a month for families who have been affected, economically, by COVID.

These are just a few of the journeys that I have followed on Facebook to remind me of the goodness going on in our area amidst all of the sadness and feelings of helplessness. Now, before anyone gets upset with me, we also have our own Beth Shalom programs like Backpack Buddies and the Chesed Committee which are equally important and inspiring and need supporting as well, but I also think it’s important for us to know what else is going on in the community. If you are doing something inspiring and are not on Facebook, please email me to let me know.

Speaking of journeys, one of the most important journeys of our Jewish tradition is right around the corner, Pesach! Each year we are reminded of our journey out of Egypt to the promised land. This was a journey inflicted with turmoil and unrest, not unlike what we are experiencing now. But, like all Jewish journeys, we persevere and make the most out of incredibly horrific experiences. This year, many of us will sit at our dining room tables again with a computer close by and our family members joining via Zoom. This was how our pandemic journey began just one short year ago. Many people thought the pandemic could never have lasted this long, but it has proven to be a truly invasive contender.

Let’s continue to follow the safety guidelines set out by the CDC, and remind ourselves that we don’t have to journey far to discover something new. Beth Shalom is here for you, right in your own backyard! Continue to stay safe.

From my family to yours, I’d like to wish you all an enjoyable holiday. Chag Sameyach!

Support our Backpack Buddies program!

There is a large bin outside the preschool entrance in the rear parking lot marked “Backpack Buddies”. Beth Shalom members Ron and Samra Robbins continue to work with several elementary schools in our area to provide “backpacks” filled with food for kids to have during the weekend. Foods needed include Single Serve and non-perishable items - juice boxes, milk, cereal, snacks (individually wrapped), proteins (tuna, beans & franks), vegetables. Financial contributions are also encouraged to allow Ron and Samra to purchase pre-bagged food. If your child will be having a Bar/Bat Mitzvah encourage them to participate in a food drive to assist the Backpack Buddies program. For more information how you can help, contact Ronald Robbins at 912-272-6245 or Samra Robbins at 912-844-9127.
How Are You Staying Safe While Supporting Beth Shalom?

With 2021 off to a roaring start (I will let you all interpret your definition of ‘roaring’ we have a lot to be thankful for. As COVID-19 vaccines are making their way into arms, masks and social distancing are becoming more main-stream (for now), and we are more knowledgeable about the coronavirus in general, it allows us to get a better handle on how to live through this crazy pandemic.

COVID has touched every one of us in one way or another, but how we stay strong and persevere through it, is the real testament to ourselves, our family, and our community. It has been said that “adversity does not build character, it reveals it.” As a Beth Shalom kehillah, and more specifically as a Reopening Task Force, we take on the challenge every day to act responsible, stay connected, and set the example what good looks like in our new normal. As we have been doing now for the past year, the Task Force meets on a regular basis to ensure the safety and mitigate the risk of infection of our kehillah. We are flexing when we need to, but at the core we stay true to our mission. We all should be proud of the character and the strength we have shown over the past many months! Thank you for your continued support and confidence in the Task Force.

On another somewhat related note, as the Task Force looks for opportunities to get back to Phase 2 of Shabbat morning in-person services with 20 attendees (check your email or the website for updates), we are happy to announce that we have now fully integrated ZOOM with our already amazing StreamSpot platform for Shabbat morning services (Shabbat ZOOM). So, if you want to be on ZOOM for Shabbat morning, see other congregants as WELL as the Rabbi in the sanctuary, and even participate in services via ZOOM...you now can. Look in your email inbox for the info and a secure link to connect via ZOOM. Of course, if you prefer to attend Shabbat morning services via Broadcasting with Beth Shalom and the typical StreamSpot link (Shabbat Stream) that option is still there.

On the Development front, with the largest financially focused event in our fiscal year, the 2020 High Holiday Appeal, coming to completion, we have confirmed pledges this year from 186 members for a total just shy of $100,000. That figure is versus a goal of $87,000! That translates to about 60% of our membership making some financial commitment toward the Appeal. This is tremendous dedication from the shul! Todah Rabah to you all!

Additionally, as many of you all are aware, we recently completed our Tu B’Shevat Virtual 5K / 1 Mile Run/Walk on January 24th with 70+ participants. It really was fun for all as we plan on making this an annual, if not even a semi-annual event. After a few generous donations to cover the costs of the Beth Shalom beanies, the ‘Fun Run’ reached our goal of raising $1,000. Kol Hakavod to the Development Committee and especially Yoel Leinwand, Fred Rich, Joel Axler and Anna Shakhnovsky for their work around planning, organizing and game day execution. Well done!

The Development Committee and the Fundraising Committee are now gearing up for our big fundraiser in April and we need your help. The Spring Fling Online Auction will take place the week of April 19, 2021 with the finale/auction result Zoom Gala on Sunday, April 25, 2021. NOTE: We are actively continuing to solicit auctions items. These can be experiences, vacation homes, travel opportunities, gift cards, or any service item. See bethshalom.net for more information or go to: https://bit.ly/2021CBSAuction

Until we meet again in this space Chag Samaech/ Happy Passover...take care and stay safe.

The History of Jewish Atlanta

Sunday, March 14th, 10:00 a.m.

with Jeremy Katz
Senior Director of Archives at the William Breman Jewish Heritage Museum

Visionary leaders in the Jewish community helped Atlanta evolve from a sleepy, backwater, 19th-century frontier railroad town into the 21st century international metropolis we know today. Dark episodes of blatant antisemitism also traumatized the community and had national implications, such as the lynching of Leo M. Frank, The Temple Bombing, and the deliberate expulsion of Jewish students from Emory University Dental School. Join us as we discuss the rich and complicated history of Jewish life in Atlanta.

Despite still being kept physically apart by Covid, Sisterhood has been actively working at maintaining community among our Beth Shalom Sisters. In January, we celebrated Sisterhood Shabbat virtually with a special “Shabbat at Home Together” followed by Friday night services led by many Sisterhood members. Since we couldn’t get together for Kiddush after Shabbat services, Sisterhood provided a gift bag with a Challah Roll and Shabbat Candles along with some other goodies for all Sisterhood members.

In honor of Torah Fund, Sisterhood hosted a Panel Discussion about the effects of the Covid Pandemic on Jewish life. The panelists were Rabbi Zimmerman, Jill Mainzer, and Arielle Yacker (a student at Jewish Theological Seminary). It was a wonderful and informative discussion.

In time for Superbowl, Jan Adler, Sisterhood’s very special caterer, taught a Zoom class on preparing a charcuterie board, and then Jan and her team of volunteers prepared charcuterie boards which were distributed in time to be enjoyed during the big game.

On Valentine’s Day, our Mah Jong lovers had the fun experience of playing in Sisterhood’s annual Mah Jong Tournament on -line. Over 80 women participated and had a wonderful time. Thanks to Carol Millman and Helene Urbaitel and their committee of Rene Montaigne, Renee Berg, Cheryl Garfinkel and Merice Kraar for their hard work.

We are anticipating a busy March and April. On March 5th will be our monthly “Shabbat at Home Together”, which starts on Zoom at 6pm. It uses the same Zoom link as the Friday night services.

On March 7th at 7pm we will have a Joint Paid-Up Membership Zoom event with Men’s Club. Our speaker will be Dr. Margery Marcus who will discuss 100 Years of Time Magazine Covers. A zoom link will be sent to paid-up members who have RSVPd to mericekraar@comcast.net by March 1.

On March 14th we will have a repeat of our fun and successful Shop at Home in the CBS Gift Shop in time to prepare for Passover. Watch the weekly “Happenings” for details of time and Zoom link.

This April Beth Shalom Sisterhood will be the host congregation for the Southern Region Sisterhood Conference. We will be joined by Sisterhoods from the North Atlantic Region. It will take place, via Zoom, on Sunday, April 18th from 9:30 am – 7 pm. The topic is Social Justice, and there will be some great speakers, music, and discussion. All Sisterhood members are invited to join us. See below for more information..

Your Sisterhood Board wishes everyone a Sweet Pesach!
