

Temple Sinai is a Caring Community!

Please allow us to help you in your times of need

Congregants are available to provide:
home cooked meals,
transportation to/from doctor's appointments,
transportation to/from synagogue,
a friendly phone call or visit,
assistance with errands,
participation in a minyan...

Our Temple community is composed of MANY generous people who would like to assist other members. Mitzvah Connection maintains a database of congregants who wish to volunteer their time and talents.

Please care for yourself by allowing others to care for you. Give us the opportunity to perform the mitzvah of helping those in our synagogue community.

Contact the Temple at 381-6890 if Mitzvah Connection can help you. If you know of other congregants in need of support, please encourage them to call Temple or get their permission to make the call for them. All requests will be kept confidential.
