

### **Use of E Screen Policy**

#### **Approved by Board 2 April 2019**

##### Preamble:

"E Screen" blinds in the men's section across the 3 rear areas (facing the Bimah) have been installed in the main Shule. This followed the successful introduction some years ago of the segmentation of about 250 men's seats for exclusive use by women on Friday night services.

A motion has been passed that the blinds will be used for Friday night and Erev Yom Tov services only or by special arrangement.
