## ***Mission and Goals of the Judea Reform Cemetery Corporation***

***December 21, 2014***

***The Mission*** of the Judea Reform Cemetery Corporation is to operate and maintain a Jewish cemetery as a final resting place of sanctity, peace, and beauty; to provide services for the Judea Reform Congregation members and others in conjunction with burials; and to do all things that the Corporation is permitted to do by law, not inconsistent with maintaining its tax exempt status.

***The Goals*** of the Judea Reform Cemetery Corporation are:

- *To meet all of our commitments to the deceased and bereaved through empathetic and responsive service; and to manage all Cemetery-related activities with dignity and respect.*
- *To maintain the Cemetery grounds as a welcoming environment to the bereaved and as a tribute to the deceased, and to provide this service in a sustainable low-impact manner that minimizes the Cemetery's effects on the natural environment to the greatest extent possible.*
- *To responsibly manage the Cemetery's financial resources such that our obligation to provide perpetual care will be fulfilled.*
- *To maintain permanent and accurate documentary records of those whose earthly remains have been entrusted to us; to maintain accurate corporate, financial, and administrative records; and, to fulfill all legal responsibilities as a tax-exempt not-for-profit corporation.*
- *To recognize the mutually beneficial relationship between the Cemetery Corporation and Judea Reform Congregation; and to acknowledge, as appropriate, those services provided to the Cemetery by the Congregation.*
