Each winter, **Faith in Place** partners with faith communities to host a series of indoor Winter Farmers Markets. The markets provide an additional source of income for local vendors during the off-season, promote sustainable farming methods and economic justice for regional farm families, encourage wholesome eating, and support the building of relationships between producers and consumers.

Enjoy a wide range of seasonal, sustainably-produced goods and support local farmers and vendors at this market. Available items may include winter produce, honey, meat, eggs, baked goods, tea, salsas, sauces, spreads, preserves, yarns, & beauty products!
