

Testimonials

WELC has been an amazing opportunity for our family. Not being from Atlanta we have grown such a community of friends who we can now call family. It was nurturing yet educational. ~Alyssa C.

We love the WELC! All 3 of our kids attended this preschool and we felt they were in such great hands. It is a wonderfully loving environment and the teachers and staff are all incredible. The curriculum is on point and our children were well prepared for their next steps. ~Denise. L,

WELC feels like home! Both of our kids thrived at WELC. They received an amazing early education from the warmest, most loving, and dedicated teachers, staff, and rabbis! They were so well prepared for kindergarten and beyond! As parents, we found a rich and meaningful community - families and friends that we will cherish for a lifetime. And now, our children's Jewish education and preschool friendships continue at The Breman Education Program (formerly Temple Breman Religious School). WELC at The Temple is a no-brainer!! ~Laurie S., Atlanta, GA

Literally a hidden gem ... in the heart of Midtown! Both of my kids graduated from the WELC, and it was bittersweet to leave after 5 awesome years. Not only did my kids make wonderful friends here, so did we as parents. In addition to the community of parents, the teachers and staff at The Temple's preschool are just as welcoming, loving and caring. We are an interfaith family, and my kids now have a strong Jewish identity. They are also more than prepared - both academically and socially - for their future endeavors. I only wish there had been an infant program when we started! The WELC is truly a special place. ~Marla. J.,

All three of my children have attended and graduated from the WELC. I couldn't speak more highly of the quality of care from all the teachers and staff members. The love and warmth they show every day from the moment I would drop off my children until I would pick them up is unmatched. As for the education gained, I can confidently say that all of my kids were 100% ready for kindergarten after attending the WELC. There is nothing I would change about our family's experience at the WELC! ~Jill M.
