

Option 1: I am paying in full today. A \$100 deposit is not required if you are paying in full.

Upon hitting the “Submit” button, you will be directed to the next screen which will ask you to select “CREDIT CARD” OR “BILL TO ACCOUNT”.

If you are logged into ShulCloud and have a credit card on file at the temple, choose “CREDIT CARD” and “Confirm and Continue”. The last four digits of your credit card will appear. Verify that this is the card you would like to use, and then choose “PAY NOW”. Your credit card will instantly be charged for the FULL amount of the Wildacres fees. If you do not have a credit card on file at the temple, please manually input your credit card information.

If you choose “BILL TO ACCOUNT”, and then “Confirm and Continue”, a charge for the FULL amount of the Wildacres fees will be placed on your account. Once we have received your check for the FULL amount of the Wildacres fees, we will apply the check to your account (Note: If you are not logged into ShulCloud or you do not have a credit card on file at the temple, you will need to manually input your credit card information.)
