

Education & Youth Committee

Our Mission

To foster the community outside the walls of the religious school through engaging activities and events for families of all school-aged children.

This is the perfect Committee to join if you are looking to make connections with other parents in the religious school and/or meet the families within your child(ren)'s age group.

Our Goals / Examples of our Events

- Introducing some new family-oriented events for school-aged children, such as grade-level Friday evening Shabbat services with dinner.
- Hosting parent social gatherings.

How often do we meet?

In addition to commitments involved with planning an event, we will meet every 6 – 8 weeks to get updates from the Religious School Director and have the opportunity to share parent feedback.

Who do I contact for more information?
