Mission Statement

The mission of the Children's Memorial Garden is to preserve the memory of our children and the children of the Holocaust, because they met untimely deaths and never reached the promise of adulthood.

It will also serve to celebrate the joy and the promise the children bring for a brighter future.

The Children's Memorial Garden

What greater loss than the death of a child? The tragedy of a life cut short in the flower of youth touches the entire community.

The Temple Kol Emeth family has lost too many of its own beautiful children over the past several years. As members of the Jewish faith, it is also important to remember the Children of the Holocaust.

It is for all children that the Children's Memorial Garden is being built. It will serve to preserve and cherish the memories of our children who never reached the promise of adulthood.

The Children's Memorial Garden will feature:

- A Garden of Remembrance to honor the memories of these children
- A Garden of Life to celebrate life and hope for the future
- An Amphitheater for life cycle events, youth and adult services, speakers and educational instruction

Even though they were here
for a short time...
their memory should last forever.
