

If this is the first time you've logged in, you will be asked to accept the license agreement, so do that!

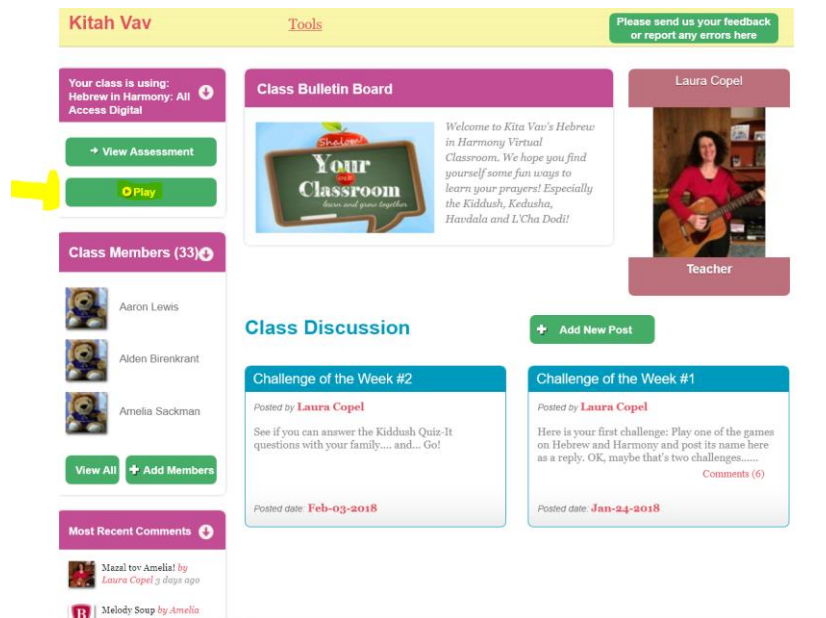

Next you will see a screen that looks like this where I've the link you must click to go to the Online Learning Center. Ignore the LogIn choice in upper right – you're already in! unless you're not – in which case you should log in.

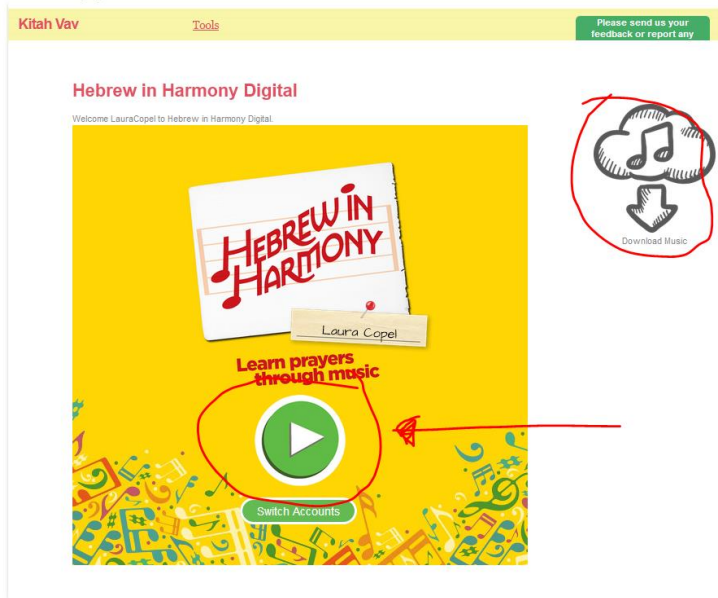

After you click the 'Online Learning Center' you'll see a screen where I've highlighted the arrow to click to enter the class. As teacher, my options are a little different.

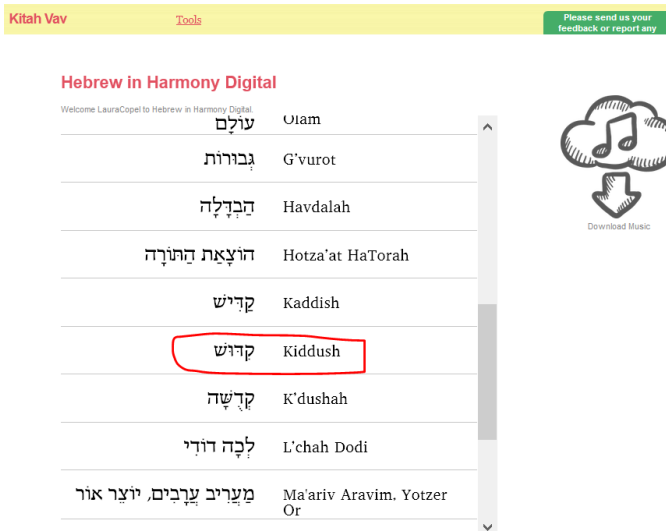

Once you've entered the class, you'll see this screen where I've highlighted the Hebrew in Harmony button on the left. Click on the green Play button:

Once you click the Play button, you'll get the Hebrew in Harmony start screen where I've used a red pen to show the arrow to play the games and circled the Download Music option. For now, choose the play button.

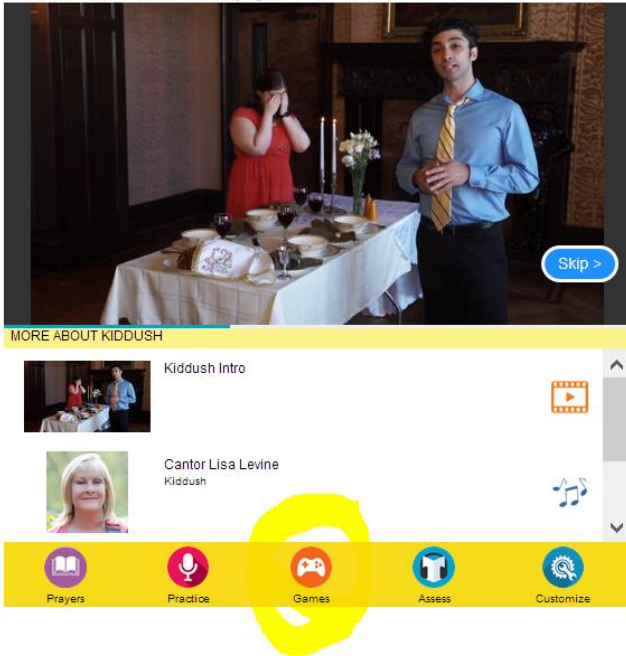

Once you've hit the play button, you will get a list of prayers to choose. For the current lesson, please scroll down and choose Kiddush, circled in the screen below.

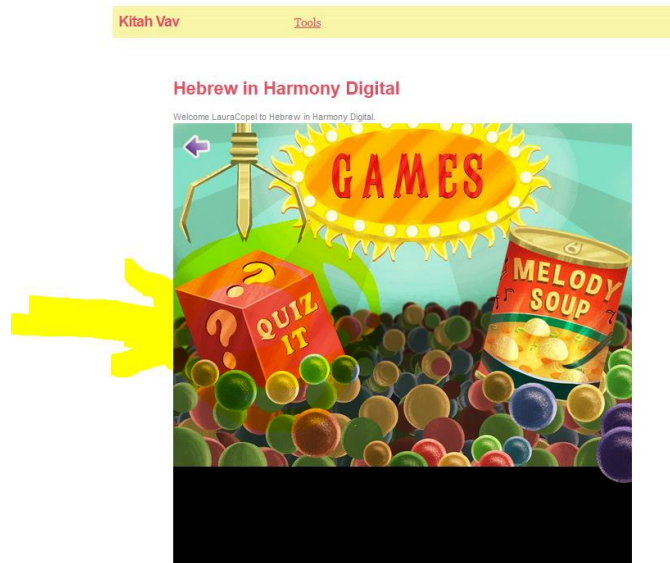

Once you've chosen Kiddush, you'll see the home screen for Kiddush - the introductory video starts automatically. There are lots of options to choose. I highlighted the games option.
