From our President

Good day everyone!

As this is my last Shul President Message to our members, I looked back at my first Bulletin article from 2019 and thought about all the changes we have seen in the last three years.

Back in 2019, if I predicted that we would have participants regularly engaged in services and evening classes as far away from Florida, New Jersey, New York, Tennessee, Georgia, California, Canada, and Israel, no one would have believed me. But due to a certain pandemic, we now offer ATC around the world.

Three years ago, I wrote about the amount of energy from our members, the financial planning to ensure long-term stability, and the need to continue to address the ever-changing demographics of our Jewish community.

Today our future is extremely bright with the new young energy of the next generation of families. We have an obligation to understand their needs and help develop them as our future leaders. We look forward to continuing to welcome their energy and innovative ideas. Our younger members need our encouragement and support to move into leadership roles. As we move into the next generation, let's continue to embrace and support these new ideas.

From the Rabbi's Desk

Sunday, May 29, will be *Yom Yerushalayim*, the anniversary of that glorious day in 1967, when we celebrated the reunification of the capital city of the Jewish nation. I wonder if you've ever thought of the suitability of Jerusalem to be a capital city. The most important consideration for the establishment of a capital is its accessibility. However, throughout history, Jerusalem has been highly inaccessible. It is off the beaten track, located in the mountains, far from the great highways that have existed to its East and to its West.

Furthermore, Jerusalem is not a port, by the coast, and, as a result, ships cannot reach it. There are no rivers running through it which provides the added challenge of lack of natural source of water. So why was Jerusalem chosen?

The answer is given in Psalm 132: *Ki vachar Hashem beZion Ivar lemoshav lo*. The Lord has chosen Zion as a place for His habitation. Jerusalem has spiritual properties which are simply unmatched in any other place on earth. We are familiar with this when we visit Jerusalem. The *kedusha*, the holiness, permeates the city. You can feel it, it is palpable, it is so spiritually rejuvenating and uplifting for us.

The properties of the city are, furthermore, expressed through the name of the city. The name is in the plural, *Yerushalayim*, as if to say 'Jeruselems'. Interestingly, there are just a few words in Hebrew which have no singular. For example, *mayim*, water. One drop of water is *mayim*, waters. That is because when we look out on the ocean, the

horizon seems to continue forever. It is the same with the word *shamayim*, the heavens. One tiny piece of the sky is *shamayim* (plural) because when we look to the skies, the expanse never ends.

Most poignantly is the word *chayim*, life. If you take just a nanosecond of life, it is *chayim*. The word is in the plural because the soul lives forever. It is the same with *Yerushalayim*/Jerusalem. It is a city in the plural because it is the eternal capital of the Jewish people. There have been periods in Jewish history when others might have declared "it is all over". They might have thought it was all over, but Jerusalem has always been right at the heart of *Am Yisrael*/The Jewish People.

Therefore, on *Yom Yerushalayim*, we celebrate the fact that *Yerushalayim* is in our hands and it is there as G-d's capital city, the center of our spirituality, of *kedusha* (holiness) in the world. Finally, we are so blessed to have it as the eternal, everlasting and ongoing capital of *Am Yisrael*/Jewish People.

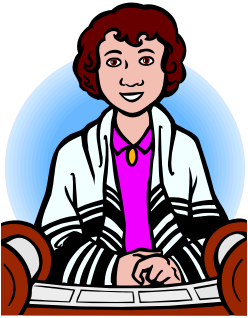

Yom Yerushalayim Sameach.

Women of ATC

Shalom,

Spring is here. I hope everyone is well and enjoying the weather.

Our exercise class continues with cardio classes Monday through Friday at 9:30 and 1:30.

Sisterhood held two special events in April - Sisterhood Shabbat and our Women's Seder.

Thanks to all who participated in the Shabbat Service and to those who helped prepare our delicious Kiddush.

The Women's Seder was especially enjoyable this year as we saw so many friends we hadn't seen for so long. We received many compliments on the events. Thanks to all who helped in so many ways. Thanks to the men who came and served and cleaned up. Our ATC family worked together to make this amazing event possible.

The Rummage Sale is back! It will be held on Monday, May 30th, during Memorial Day Weekend. We will need help for all parts of this event - donations, sorting clothes the day before, workers for the day of the sale and help packing up and cleaning up after the sale. Please contact Sue Korch or Vicki Lemkin to volunteer or with any questions. Check the flyer in this Bulletin for details.

Our Iyar Rosh Chodesh Meeting will be held on Wednesday, May 4th, at 10:00 AM at ATC. Please join us as we celebrate Yom HaZicharon, the day we commemorate all those who lost their lives to defend the State of Israel. The next day is Yom Ha'atzmaut, Israeli Independence Day, remembering the day on which Israel declared its independence.

Wednesday, May 3rd, is the date of our next Book Club meeting. We will discuss *The Masterpiece* by Fiona Davis. The meeting begins virtually at 10:00 AM. Please join us.

Watch your email for details about our next Rosh Chodesh and Book Club meetings.

Please contact Bev Barbell at bbarbell@aol.com for cards for all occasions.

Please email me with any questions or suggestions.

Looking forward to seeing you soon.

Again, thank you for all your support and help.

From our President (cont.)

We have made progress with having a balanced operating budget over the last couple of years. That said, we still have a good bit of work to do in this area to assure our long-term financial stability, and with the current climate, our expenses are now greater than in the past 3 years.

Over the past few years, we have increased the number of experiences offered to our membership ranging from services, virtual programming, and entertainment. We have learned a lot about how to create vibrant community during the pandemic, and we always need to continue to improve the variety of ways to include online participation in our services and programming. The ability to participate in our services from home virtually creates a culture of belonging - a culture that eliminates barriers to entry and enables our membership to participate despite access to transportation, or when they are feeling ill. Our social media strategy includes Zoom and live streaming, which offers us greater opportunities to grow the participation of our out-of-town members and potentially new members that may reside anywhere in the world. There are limitless opportunities for us at ATC.

I want to thank the Board for the last three years who have learned on the fly how to coordinate the variety of duties required to operate a synagogue all while sitting from home. I especially want to thank you, Madeleine Lewis, and Rabbi J, for going above and beyond during these past few years. You transitioned the management of our services and programming online and your involvement and assistance with religious school created a meaningful experience for our youth. You found ways to make our programs and weekly services engaging and

fun for all our members. Thank you, David Schulze for all your technology assistance in bringing live streaming to ATC. Thank you, Dr. Alan Lader, for managing our newly created Life Safety Team to help direct and assist ATC through the pandemic. None of what occurred over these last years would have been possible without all of you.

Lastly, my deepest gratitude to Lesley, Dana, and Andrew for their support during the last three years as I served as President. With a special thank you to Lesley, for all her time and labor to help me with any task. Lesley took the brunt of those long nights listening to my rambling as what to do during those early days of the pandemic. Would the synagogue survive? How to blend work and synagogue responsibilities? And she continually told me to go to sleep on those nights I paced the house around 2:40 am. Thank you.

My goal was not to see my name as the last, final name on the list of ATC Past Presidents, and we have accomplished this as one huge team effort.

And to the members of Ahavath Torah Congregation, I am humbled to have served you as your President these past three years. Thank you for your patience, your support, your presence, your feedback to my silly fliers, and for always being there.

Congratulations to the Grinberg family as we celebrated Noam becoming a Bar Mitzvah on April 30.

ATC Hosts AMIT

On Monday, April 4th, Ahavath Torah Congregation hosted a gathering of twenty leaders from AMIT in Israel. The visiting leadership team included Israeli Superintendents, Principals, Teacher Coaches, and Financial Advisors from across Israel along with the AMIT leadership team from New York City. As stated on the AMIT website, "Founded in 1935, AMIT educates more than 44,000 children in 109 schools, youth villages, surrogate family residences and other programs in 31 cities, constituting Israel's own government- recognized network of religious Jewish education incorporating academic and technological studies. Two-thirds of AMIT students come from disadvantaged backgrounds. AMIT enables these kids to dream big by substantially reducing the gaps between them and those in more well-off circumstances. AMIT levels the playing field by providing the highest quality innovative education, additional

tutoring hours, emotional support, therapy programs and encouragement."

The group came to town to visit New Heights Charter School of Brockton, where Dr. Nancy Hait (ATC member) serves as Principal of Curriculum and Instruction. New Heights Charter School is receiving attention as the first Early College Charter School in Massachusetts. Students have the opportunity to earn college credit in high school. Last year, 50% of all graduating seniors received an Associates Degree in addition to their high school diplomas. After touring the New Heights school campus, AMIT joined the New Heights leadership team at ATC for

a kosher lunch and an afternoon of learning. AMIT was interested in studying the school's early college model and the work they are doing to build a strong leadership team. This is just the beginning of a blossoming partnership between AMIT and New Heights. Dr. Hait truly appreciates ATC for opening their doors and hopes our synagogue will become the gathering space for this new partnership.

Please direct any questions to the synagogue office.

Religious School News

Shalom,

The students really enjoyed filling their Shalach Manot baskets, creating their own Megillot, and enjoying a snack together at our Purim Party.

Our Religious School Family Seder was a success also. The students read parts from the Hagaddah, sang songs, and enjoyed a Passover breakfast together.

We will continue our study of the holidays with Yom Hazicharon, Yom Haatzmaut, and Shavuot.

The children have made so much progress this year. I am so proud as I listen to them read Hebrew and see them writing their letters in script. Their knowledge of the Bible stories has increased as have their prayer skills. We look forward to even more progress next year.

The Religious School Shabbat Service will be held at ATC on Saturday, May 14th.

Our Commencement Service will be held at ATC on Saturday, June 4th.

Please join us for these two services to support our students and their families.

The help and support we receive from our school parents is greatly appreciated. Thank you so much for allowing us the privilege of teaching your children.

Thanks to Rabbi J, Lesley, Bob, Arthur and Bubbe Rhoda for all you do.

Shalom,

AHAVATH TORAH
CONGREGATION

Women of ATC Passover Seder

April 7, 2022

Why is this *seder* different from all other *seders*? Because at this *seder*, especially the one celebrated at Ahavath Torah Congregation, all the leaders, congregants, and guests who participated were women. We appreciate the Haggadah prepared by Madeleine Lewis. We thank her for leading the Seder, as well as for all she does to keep the Women of ATC active and connected.

The Women of ATC, our Sisterhood, set every festive table, each with its own small plates of foods to represent our hardships in Egypt and our escape from bondage. Our Women's Seder also paid homage to our fore-mothers, beginning with Miriam and continuing with our history of strong women who provided their families and our people with nourishment both physical and spiritual.

As the first large gathering of our synagogue's women, in person, after a two-year hiatus, the seder was like a new beginning in our post-pandemic world. There were enthusiastic greetings, warm hugs, and lots of catching up. Women who had been together for streamed services or exercise classes met for the first time. We were certainly taking advantage of the opportunity to socialize and to laugh.

We thank the men of our congregation for ensuring that this seder was part of a special night for women. Thanks, for the hundredth time, to Bob Bornstein for preparing the delicious meal that followed our service. Thanks, too, to the group of men who served us at the buffet, and who cleared the tables after the meal and took over all the kitchen chores—even chasing away those women who tried to help! It was a night for women, but it took a team effort to have it succeed.

SISTERHOOD PURIM CELEBRATION

When twelve Women of ATC gathered in a corner of ATC's social hall to celebrate Purim this year on March 17, it was the first time that many of us had socialized in person in nearly two years. Thanks to Madeleine, beautifully illustrated booklets were distributed from which we read about the history of the illuminated Megillah Esther. We noted the relationship of Esther and her uncle Mordecai with her new husband King Ahasuerus and his court official Haman. We marveled that a woman, a Jewish woman, was able to speak of Haman's plot to eliminate the Jews and have her plea to the king acted upon.

We ate fruit, pastry, and hamantaschen and we drank (coffee, soda, and water, because it was before noon, after all), socialized some more, and each filled a typical Purim goody-bag with snacks, an orange, and a grogger to take home. It was certainly an event for women celebrating women.
