From our Co-President

Welcoming Winter

Even though Tishrei is behind us, Arthur and I want to make sure that we don't leave behind the accomplishments of 5783's first month. In person, High Holiday services welcomed about 150 people each on the first day of Rosh Hashanah and Yom Kippur morning, with slightly smaller crowds attending the other tefillot. Online, where folks can stream any service from around the world, there were more than 500 unique views for the entire High Holiday period.

As you will read in the pages of this issue of the ATC Bulletin, the month also included a great Sukkot event for the Religious School and young families; the bi-annual rummage sale; the Apples, Honey and Challah fundraiser; collecting food for the Ilse Marks Food Pantry through Project Isaiah; and a host of virtual educational events for all ages. This is a great start to the year, but we must remember that there are 11 months still to go. We don't want to lose our momentum.

On the first day of Rosh Hashanah, I discussed our four areas of focus for the year: membership, communications, events, and fundraising. We've had great success lately in expanding the base of young families. Our newsletter, this Bulletin, press releases and social media continue to help us get the word out about our congregation.

Our upcoming list of events includes a Young Family Shabbat on Friday, November 4; a Religious School Kabbalat Shabbat Service on Friday, November 11; and our annual double-header of December events: the community dinner and ATC's own Chanukah party. While Covid remains unpredictable, we are doing our best to forge ahead with in-person gatherings in a responsible manner.

Last, but certainly not least, we hope that you will make and fulfill a pledge to the High Holiday appeal, if you have not done so already. Member dues, while essential, are not sufficient to run our day-to-day operations. If we do not supplement the amount we receive from dues, we will be forced to reduce the vibrant programming discussed in this issue. While we have other fundraisers planned for later in the year, our High Holiday appeal remains our largest campaign. Help us meet this year's goal of $20,000!

As the winter months approach, it's easy to get down as the days get shorter, the amount of snow increases, and the clouds take up a permanent residence over the Northeast. In fact, I can't help but think of those eternal words by the Temptations, "I've got sunshine on a cloudy day; when it's cold outside, I've got the month of May." The Motown group might have been singing about "My Girl," but we certainly can apply them to "My Congregation" to bring light into the dark winter months.

I will end this column by revisiting my Rosh Hashanah speech one last time. That morning, I concluded with four guideposts: Listen. Love. Be welcoming. Be present. Let's keep coming back to that as we welcome winter, and the secular calendar turns over to 2023.

A Little Bit of Light, A Little Bit of Yiddishkeit

The Hanukkah candles will soon brighten our homes with their effulgent radiance. Each night of Hanukkah, we will add another candle until we reach the eighth night signaling the conclusion and completion of the festival. This custom of working up the scale in the candle-lighting ceremony was not always the practice of the entire community of Israel. There were those who started off with eight candles until the final night when only one was lit. However, the former custom was ultimately adopted as the official practice of the Jewish people.

It is no accident that such should have become the case. For the Jew has always been noted for his innate spiritual sensitivity. He sensed the universal truth that you cannot aspire to reach a goal, especially if it has substance and is meaningful, in one, long, quick stride. Life just does not work out that way. One has to work hard and long to reach a worthwhile goal. Success in any endeavor has never come to anyone overnight. If it seems sometimes that it suddenly comes upon one, then that suddenness came only after years of painstaking planning and labor.

This is true in one's daily pursuit of a livelihood; and it is equally true in many other areas in the affairs of men. The struggle for civil rights, the attempts to achieve peace in the world, the efforts to affect harmony among the nations, all of these attest to this fact. In our spiritual life, it is not expected that one gain "religion" overnight. It takes a long time to get back to a tradition from which one may have strayed. One must do it step by step, gradually but surely.

One must not be discouraged if he cannot perform all of the dictates of his faith. A little at a time is also admirable and noteworthy. One should never feel hypocritical just because one cannot reach heaven all at one time. A little of Judaism is better than none.

This then, is the message of our Hanukkah lights. Do a little at a time and try to add a little more each time; before you know it, even though it be stretched over a long period, you will have reached a stage in your practice of our faith which will bring a new dimension of radiance and joy into your life.

Heaven is not reached at a single bound; but we build the ladder by which we rise from the lowly earth to the vaulted skies, and we mount to its summit round by round.

(Gradatim - Josiah Gilbert Holland, 1872).

The first candle will be lit on Sunday, December 18. From my family to yours, Happy Hanukkah!

Rabbi J

Sukkot, or the Feast of Booths

Sukkot, or the Feast of Booths, brought congregation members together in a number of ways. First, thanks to everybody who joined forces to assemble the ATC sukkah just outside the downstairs social hall: Larry Barbell, Bob Bornstein, Dan Cretu, Jon Libman, Arthur Mallock, Steve Steinberg, and Rob Yunich. It took a lot of time and effort, and looks great!

Religious School students decorated it (and the hallways of the school) with paper trains, drawings, and other holiday-themed items. Students also learned about the holiday. Finally, the school organized a lunch in the sukkah for students and their parents as well as some other young families. Attendees enjoyed homemade pizza, salad, dessert and, perhaps most importantly, the experience of making their Sukkot memorable.

Pink Minyan

Pink Minyan was well attended by a large group of ATC Sisterhood members wearing pink. A moving reading was done by Bev Barbell, who is a survivor, in support of survivors and in memory of those no longer with us. After the service, Eve Kleinerman, from Sharsheret, spoke. Sharsheret is an amazing organization that provides education about breast and ovarian cancer and support for patients and caregivers. Information will be available in our lobby and through the Sharsheret website, www.sharsheret.org. Thanks to Marge for arranging this, Bev for her reading, Eve for her excellent presentation and to all who attended for supporting us.

Rosh Chodesh at ATC

Rosh Chodesh – Hebrew for “head of the month” – is the monthly holiday that celebrates the arrival of the new moon, marking the start of a new month in the Jewish calendar.

Rosh Chodesh has become a special holiday for women—a time to gather, pray, learn, and enjoy refreshments together.

The Women of ATC enjoy the celebration of Rosh Chodesh every month.

Watch for the date and time for our Rosh Chodesh Kislev Chanukah party.

Religious School News

Shalom,

We would like to welcome Max Leitner and his family, and Emily and Olivia Libman and their family, to our Religious School. The younger class continues to grow.

Our Rosh Hashanah Seder was held in October. We learned about some customs of Rosh Hashanah and had a delicious brunch thanks to Bob Bornstein. Thirty people attended and really enjoyed this event.

We had a family lunch in the Sukkah. The students decorated the Sukkah and learned about Sukkot and the lulav and etrog from Rabbi J. A pizza lunch was prepared by Bob. The families got to meet each other and the children, as usual, enjoyed being together. Thanks to Rob Yunich and the parents for helping.

Our Kabbalat Shabbat School Service and dinner will be held on November 11th at ATC. Please support our students and their families by joining us as the students help lead the service. More information will follow.

Our School Chanukah Party will be held on Sunday, December 18th. Details will come as we get closer to the event.

Our students are making great progress in their Hebrew reading and Hebrew vocabulary skills. In November, we will focus on learning about Shabbat, and in December we will learn about Chanukah. We study the stories about the Parshah as we learn about our ancestors and our history. Everyone is learning to write in script and prayers are practiced at each class the children are very enthusiastic and anxious to learn. We love learning with them!

Thanks to our parents for your support and help.

Of course, without the help, knowledge and support of Rabbi J, none of this would be possible.

Please contact me with any questions or suggestions.

Please let us know of anyone who is looking for a Religious School for their child.

Oneg to Honor Bob Bornstein
September 9, 2022
Here are just a few more tributes:

On this very special Shabbat, we gathered to offer a heartfelt "thank you" to Bob Bornstein, our immediate Past President, who is finally sitting down amongst us instead of having to run everything behind the scenes! Bob originally signed on for a two year stint as our President, of course having no idea at the time of the Covid catastrophe that was heading our way.

Not only did he do whatever it took to keep ATC alive and breathing in those dark days, but he also took on so many other additional responsibilities regarding the upkeep of the building, and even projects to strengthen and beautify our synagogue for when we would return. Bob has been our caterer, our contractor, our "go-to guy" - the man who cut through the red tape and got it all done. And when the need arose for someone to take on the role of President when his own term ended - and no one stepped up - he took on a third year of early-morning emails and projects and more red tape. The fact that we are in a safer and more secure building together is to Bob's credit.

But let's not forget that behind every great man is a very devoted, capable, and extraordinarily patient woman! Lesley not only took all the detours, interruptions, and absences without a grumble, but often she herself could be found helping out at ATC whenever the need arose. Lesley, you're one-of-a-kind and both Bob and ATC are lucky to have you. Thank you so very much!

Everything Bob accomplished took dedication, patience and no small amount of fortitude - and he did it all without tooting his own horn. We gathered to honor him and all his hours of hard work and selfless devotion to our synagogue. Bob, "thank you" are just two small words, but they are meant to convey a world of gratitude to you. Yasher koach for a job extremely well done!

Larry Gabel

My sister Dana and I wish we could have been in attendance that evening, but we want to sincerely thank ATC for the opportunity to honor our parents for their hard work and steadfast dedication to the synagogue.

These past years have been some of the hardest times we have all had to face, but with full hearts, our parents put ATC first to ensure this community was active, interactive, and felt supported. We're so proud to be their children and are grateful for the values they instilled in us that are rooted in the fabric of this synagogue.

And because of the technological additions, we'll both be able to replay this service later online... and see if Bob's behaving himself. Dad, you can't hide, we're all watching!

Thank you all, and Mom and Dad, we love you so much.

Dana and Andrew Bornstein
Bob assumed the presidency of ATC three years ago. Since that time, he has devoted many many hours to the improvement and unity of our synagogue. With love and heartfelt devotion, Bob kept us together throughout the pandemic and we came out stronger than ever before.

Bob dealt kindly and compassionately with our members and was there whenever needed. Bob managed to bring back many former members and got them to help with what was needed to be done.

Bob never said "I'm too busy" or "that's not my job" and was always on hand no matter what the event. Everyone knew they could call on him and they would get the assistance they needed. His expertise in so many areas is amazing.

As far as Religious School and Sisterhood were concerned, we couldn't have done without him.

Bob listened when we spoke to him and was just always there no matter what time of day or what event or what was asked of him.

Lesley was always there too, listening when she was asked to, giving great advice, and helping way beyond what anyone could expect. Lesley was there with Bob, for Bob, and for us as well.

The Bornsteins gave their heart and soul to Ahavath Torah Congregation. The Congregation can never thank them enough and neither can I.

Sukkot Lunch

Last weekend, on October 16th, we had the pleasure of joining other ATC families for lunch in the Sukkah. The kids arrived early to help decorate. They had spent the prior week in religious school learning about Sukkot and the tradition of decorating the Sukkah. The all helped to hang artwork, greens, and festive colors on the walls. Rabbi J joined us for the blessing over the lulav and etrog and spent time explaining the significance of the Four Species. He let each of the kids have a turn holding it and everyone seemed eager to have their turn. It was wonderful seeing their excitement when they helped Rabbi J recite the blessing! After, we all enjoyed delicious pizza made by one of our own congregation members, followed by cookies for the kids after. It was a wonderful afternoon filled with great conversations and family fun. Thank you to all who helped organize and put on such a wonderful family event.

Community Christmas Festivities 2022

The Community Christmas Festivities Committee has begun working on its 7th annual Christmas event. Gifts for the children will be distributed by Santa in a drive-up format on Sunday, December 18th. We know that the holidays can be a hard time for families and that is why when ATC was approached to help those in need many years ago, we gladly opened our doors.

If you would like to help on December 18th, please contact Helayne (781-344-7566) or Diane (781-344-6347). Also, in November we will be looking for volunteers to adopt a child and purchase specific gift items for that child. There are usually 75 to 100 children that will need to be adopted.

We look forward to hearing from you soon.

Thank you,
