Policy on Disposition of Burial Rights by Right Holders Effective February 1, 2023

Adopted by The Keneseth Israel Cemetery Association Board of Directors on January 9, 2023

The Keneseth Israel Cemetery Association will no longer make any cash refund for the donation back to us of previously purchased Burial Rights. The Association will supply a letter of appreciation to the donor and acknowledge the return of plot(s) with a letter to meet IRS requirements of a potential charitable donation.

History Per the Rule Book of 1928, “No sale, transfer, or assignment of any plot or portion of same shall be valid without the approval of the Association, endorsed on the Certificate and noted on the records of the Association.” “The right of burial shall extend to the owner of a plot and his family, and to such other person and persons as the owner may desire to admit, but no permit for the burial of such other person or persons will be granted where any consideration is paid to the owner of the plot.”

Our understanding and practice is to prohibit direct sales from a Rights owner to another person; all dispositions of existing rights ownership are to go through the Association.
