

Protocols

1. Register your intention to attend a particular service.
Please contact Miri for inclusion on the attendance roster,
info@kehilatnitzan.org.au

2. Questionnaire

You will be asked to fill in an online questionnaire and bring it with you to the service. It will be necessary to do this each time you attend Shule. It is important to provide contact details in case of future contact tracing.

A copy of the questionnaire is at the end of this letter.

3. Temperature Checks

When you arrive at the Shule, your temperature will be taken with a infrared forehead Australian Health Department approved thermometer scanner and recorded on your questionnaire.

The person taking the temperature checks will wear gloves and a mask.

4. Social distancing

The velvet chairs have been replaced by sturdy plastic chairs as they are easily sanitised between services.

They will be set out according to social distancing guidelines of 1.5 metres with at least 4 square metres for each person indoors.

5. Hand Hygiene

The Shule will provide hand sanitiser which must be used upon arrival.

The Shule will also provide soap and paper towelling in the toilets.

6. Food

The kitchen will be closed for the foreseeable future. For the time being, there will not be a kiddush after the service.

When celebrating a simcha it will not be possible to throw lollies, have catered Kiddush or to hand out food boxes.

It is advisable to bring your own drink bottle.

7. General Safety Protocols

As much as we will be thrilled to see each other we must greet one another in the COVID-19 way, that is no hugging or kissing but plenty of elbow bumps.

Please remain at least 1.5 metres apart wherever possible.

Please do not kiss or touch the mezzuza or the Torah.

It is preferable for everyone to bring their own Kippah and tallit and, where possible, their own siddur.

If you feel more comfortable, it is perfectly OK to wear a mask.
