

# Food Policy Agreements

## The Temple Beth David Food Policy

*These guidelines are used for Temple Beth David sponsored events (both on and off temple premises) and non-Temple Beth David sponsored events except where noted*

- No pork or shellfish will be brought onto temple premises and no pork or shellfish should be served at any synagogue sponsored events held **on** or **off** premises
- No obvious mixing of milk and meat will be allowed in any course of a meal. Meat/poultry may be served separately, before or after a dairy course during a meal, but each course should be fully cleared from the serving area before the next course is brought out.
- A vegetarian entrée should be served at every temple-sponsored function. For a meat/poultry meal, this vegetarian option should be **non-dairy**
- In addition to any dairy desserts, a **non-dairy** alternative should be provided for dessert whenever a meat meal is served (e.g. fruit, non-dairy creamer)
- A permanent committee (including Trustees) should be available to answer questions about the policy
- Healthy alternatives (fruit and/or vegetables) should be encouraged for onegs in support of our Temple Beth David Food Policy and in cooperation with Sisterhood

If you have questions about the above policy, please call the Temple Beth David office (203)272-0037
