

## **HEARING LOOP INFORMATION & TRAINING SESSION**

**Thursday, September 19, 2019**

**7:00 p.m.**

Want to Hear Better?

Join us Thursday, September 19th at 7:00 pm for a presentation by Steve Thunder from Thunder Hearing & Sound. He will discuss the options available to all for tapping into our hearing loop system. Whether you have a hearing aid, cochlear implant or just sometimes struggle to catch every word. For congregants with a hearing aid, a tele-coil (t-coil) is required to be activated in your hearing aid to tune directly into the hearing loop. Dr. Lisa Gumina from Finer Hearing, a mobile audiology practice, will be available at no-charge to check your hearing instrument for the needed t-coil and activate it for you if it isn't already.
