Dear Friends, be blessed

I have known the JAR Food Card Program for a number of years as a wonderful project which enables thousands of needy Jews in Israel to acquire their groceries in a dignified and efficient manner. Recently, I met with a high official in the Government of Tel Aviv who described to me how JAR works hand-in-hand with Israeli social workers to bring this help to the most needy families and is the model social program in this area.

Your contribution to JAR provides desperately needed help in a professional, dignified, efficient way; with the merit of מצות צדקה

May the Almighty bless you and your loved ones with all of your own physical and spiritual needs in the merit of your contribution to JAR's food card program.

בכבוד ובברכה
