

Setting-up Zoom on an iPad

1.) Go to the **App Store** (if reading this on an iPad, [tap here](#) to go directly to the app page).

2.) Search for Zoom

3.) Tap on **Get** or the download icon next to the **ZOOM Cloud Meetings** app.

4.) Open the app and tap on **Join a Meeting**.

5.) Enter the Meeting ID provided or click on the link that.

- Check out Zoom's documentation for more information about using the Zoom app on an iPad. <https://support.zoom.us/hc/en-us/articles/201362993-Getting-Started-with-iOS>

Please be aware

1. You may have some problems with setting up Zoom if you have **Screen Time** content restrictions enabled.

Additional documentation:

- Check out Apple's documentation for more information regarding **Screen Time** and **content restrictions**: <https://support.apple.com/en-us/HT201304>
