Shores Preschool
Strong Roots. Thriving Children.

**Positively the *best*
place for your child**

Nurturing Philosophy

If the roots are healthy, the tree will be strong. In Hebrew, Shoresh means "roots." Here we concentrate on developing children of character who love learning. We are committed to providing the highest quality early childhood education program so that our children will have strong, happy roots.

Diversified Curriculum

Children are exposed to a variety of age appropriate learning activities. Lesson plans are geared to the ages and specific interests of the children. Nature, music, art, fine and gross motor activities, literature, math, science, and cooking are all integral to our curriculum.

Temple Ner Tamid Membership

Shoresh families are eligible for dues-free membership while enrolled in Shoresh. The community offers regular Tot Shabbat and holiday family

programs. Graduates are offered Kindergarten Religious School classes tuition free and a reduced introductory membership dues rate.

Shoresh Preschool...

...positively the best place
for your child

Jewish Culture

Jewish values and holidays underlie our program. We encourage the development of a positive Jewish identity and the importance of helping others. We welcome children of all backgrounds and faiths into our program.

Parent Involvement

Parents are always welcome at Shoresh. There will be many programs over the course of the year that will bring you into the classroom.

We believe that a close partnership between home and school is vital to our program. Our goal is to provide a warm, supportive community for our families.

Parents are welcome to sit and relax in our café while their children are adjusting to school.

Low Student-Teacher Ratio

Happy children in a warm, secure, attractive setting with a low student to teacher ratio -- and highly qualified teachers who love what they do...what more could a parent ask for?
