

Tell the Redistricting Commission We Need Fair Districts in PA!

PA is in the early stages of redrawing its voting districts following the decennial census. The decisions made by the bipartisan commission and, ultimately, the legislature, will impact the next decade. POWER Bucks, a non-partisan interfaith organization of which Shir Ami is a leading member, strongly supports fair and transparent rules for this process. We are asking all to speak out in order to make your voices heard. To do so, and for further information, go to <https://tinyurl.com/We-need-Fair-Districts---POWER>. You can also gain more information by going to: [Join the Movement for Redistricting Reform | Fair Districts PA](#)
