

BROTHERHOOD is for ALL the Men of Beth Or

Fellowship ★ Community ★ Service ★ Support

Beth Or Brotherhood is here for the men of Beth Or - dads, grandpops, uncles, dog and cat owners, car buffs, gardeners, golfers, recent graduates. Whoever you are, you can think of Brotherhood as a men's chavurah to share the experiences of being a Jewish man in a turbulent world.

It's about jokes and friendship, a little bit about spiritual learning, and a lot about doing great things for our Beth Community and for the community around us. Beth Or is a big place. Brotherhood can make it feel more like a family.
