RABBI'S MESSAGE

It is the Thought that Counts!

Life often throws us curve balls. When you least expect it you suddenly find yourself facing a challenge you never dreamt of, one that detours harshly from the path you have been traveling so obliviously on.

What keeps us during these difficult circumstances from losing our equilibrium and that prevents us from succumbing to fear and despair is the stability of friendship.

There are two nations that we are forewarned from seeking their welfare nor acting kindly toward them, the menfolk of Amon and Moav.

One of the reasons the Torah gives for this extraordinary ostracization is due to their not having greeted the Jewish nation with bread and water, **בדרך בצאתכם ממצרים** (דברים כג ה), *on the way, when you left Egypt.*

Why were these nations faulted, didn't the Jews have an abundance of food and sustenance with the miraculous Manna and the remarkable traveling Well of Miriam and were amply supplied?

Rashi on the word **בדרך**, *the way*, interprets it as referring to a time when the Jewish nation was **בטירוף** in a state of physical and mental exhaustion.

Rashi is seeking to reveal for us the depth of the message inherent in this verse.

At these moments of feeling torn and disoriented it is not as much the food that they need but more so the support and display of care and concern that is reflected in the offering of food that can buoy their spirits by giving a sense of stability amidst a world of chaos.

One who merely views the commitment in a relationship by the providing of physical needs alone is flawed and incapable of being the beneficiary of a healthy relationship with the Jewish nation.

As many of you are aware our beloved son Mutti **מתיהו** **מרתיהו**, Had to undergo major surgery to

correct a sudden ailment. His life was thrown into turmoil, as well as the lives of his parents and family who stood by his side as he faced this challenge.

What gave and will continue to give him and us the strength to face this effectively was the overwhelming outpouring of support and requests to help in any way possible.

Simply knowing that people were there for us, in their prayers as well as in body and physical support, allowed us to remain focused and determined to bring about a successful recovery.

On behalf of my son, wife and family we thank you from the depths of our hearts for your friendship, which is priceless, and for the heartfelt prayers and merits you have all accrued for his sake.

May Mutti recover fully among all the others who are ill among our people, and may we relish and appreciate the special bond we have with each other for a long time to come.

With a heart filled with gratitude,

באהבה, צבי טייכמן

UPDATE:

B'H Motty's Surgery went well, and he is now beginning a recovery that could take a few months. Rabbi & Mrs. Teichman are still in NY with Motty at the hospital, and hope to return when his condition is more stable and his recovery is under way.

Many have asked and offered all forms of help, being that they are in NY there is little we can do from here at this time though all offers are very meaningful. Please continue to Daven for
