

Participate at Ohel Moshe in a worldwide program, which includes thousands of participants in more than 20 cities worldwide. In addition to the shiur given twice a week is a supportive Bais Medrash learning program Sunday-Thursday nights. Additionally, a great deal of material is available online via [dafaweek.org](http://dafaweek.org), in the form of audio shiurim, marei mekomos, and much more. Daf Hashovua's pace is designed to allow participants the time to learn each daf with clarity and also review it enough to retain the information.
