

# Library Self-Checkout System

Although the library is open whenever the office is open, that does not necessarily mean the librarian will be present. Because of this, we have a self-checkout system.

Fill out your personal information on one of these slips at the library front desk.

A close-up photograph of a CBI Sosnick Library Self Check-out card. The card is yellow with a blue header. It contains fields for Name, Email, Phone #, Book's Bar Code, and Book Title. Below the fields is a note about leaving the card in the plastic box at the front counter and a contact email address.

Then, open the front cover of the book to find the Sosnick Library barcode on the very first page. (**Note: This is not the thirteen digit barcode on the back cover of the book. It is also not the numbers on the spine of the book.**) Feel free to omit the zeroes at the beginning of the barcode.

This barcode would be written 6557.

Then place the slip in the indicated plastic box and enjoy the book!
