## Rabbi's Ramblings

Rabbi Bennett Greenspon

On a personal note, I grew up in a home where if you got a 95 on a quiz you were asked "Why not a hundred?" and if you got a hundred you were asked "What about extra credit?" If your job was to take out the garbage and you did, nothing was said. If you didn't, your allowance was shortened. You did what your job was without expectation of reward or even recognition.

The last year and a half, and it appears the next few months, have been taxing. We all have had to adjust to the stress of uncertainty. We have all had to change our views and attitudes and how we operate.

At Beth Emet, we have had to modify our classes, our religious services, and the way we have had to run life cycle ceremonies as well as almost everything else we do.

This could not have been done without a remarkable staff. They worked hard to modify, iterate and run (often on the fly) programs so that the Temple could provide what our congregants, students and community needed.

They have done so without asking for recognition or praise. They did what they did because they are committed to TBE, to Judaism and to YOU. I want to thank them for their commitment to excellence and to dedication.

Noemi Gozlan, Robin Sheridan, Michal Medina, Dina Chaskes, Jennifer Young, Rayna Engle, Laura Goodman, Oscar Monterrosa, Susie Meroz, Michael Geller, Rabbi Frank DeWoskin and Cantor Jan Sheer all deserve a big Todah Rabba for leading their teams over these past months. They have pushed, comforted, inspired a staff of over 125 individuals to do their best, to face the odds, to not give up, to fight the frustration, fear and yes at times the anger that they all faced.

Beth Emet is a special place because of them and, of course, because of all of you who are or have been a part of us.

Karen and I want to wish you a Shana Tovah, a good year filled with health, prosperity, generosity, blessings and Shalom.

Every Rosh Hashanah we celebrate the Jewish New year with song, prayer and reflection. One song we always sing:

Return again, return again, return to the land of your soul.

Return to who you are, return to what you are, return to where you are, born and reborn again.

What does it mean to return again? Why do these words reverberate throughout the High Holy Day time? Is one able to ever return to where we were before?

Starting with the last question, sure we can return physically. We are able to go to the same space we have been before. When we have returned to that given space, after experiencing something in life, we are unable to see that space the same, spiritually and emotionally. Similarly, we often talk about the experience of reading Torah. We can read one verse today. When we approach that same verse a year later or five years later or even eighteen years later, we experience and interpret the verse differently, based upon the experiences we have had. We can return to studying that verse. At the same time, how we understand that verse is not the same.

People have searched for the Garden of Eden. I believe it is more of a conceptual space and less of a physical one. There was a sense of bliss there for Adam and Eve. However, they were in a state of naiveté, unawareness. Once Adam and Eve ate from the tree of knowledge, they could never unlearn what they became aware of. They lost that state of innocence. It is the same in our lives. When we try to return again we are unable to return to the same place, in the same way, as we were before.

What are we returning to if we can never truly go back to where we were? We work hard, especially this time of year, to return to our core values. It is these values that push us to be better versions of our self. By striving to return to an understanding of our essence, our being, we are able to truly grow and better ourselves. As the song states, we return to who we are and we return to what we are.

Returning to where we are born and reborn again is more of a challenging text. This is much more about repetition within our lives. Jewishly, each High Holy Day cycle we reflect similarly. We hear prayers, not just once; we hear them multiple times throughout multiple services. Even Kol Nidre, the powerful prayer said at our evening Yom Kippur service, is recited three times. Repetition allows for the message to really be heard, allowing us time to reflect and return.

Ultimately, we return again to get back to the basics in order to excel both as individuals and as members of the community.

From my family to yours, may your New Year be sweet, filled with health and safety, love and humor. Let us return once again to our core selves.

Shanah Tovah!

*Rabbi Frank DeWoskin*

## *A Practice for the month of Elul*

Shalom everyone!

On August 9 we begin the Hebrew month of Elul. This is the traditional time to begin our journey of turning within; our "t-shuva", our repentance. This is our preparation for the High Holy Days.

I hope these assorted quotes on the many nuances involved within the act of repentance, can help all of us to accomplish this holy act of turning within.

"Open for me an opening the size of a needle and I will expand it into a door through which wagons can go through".  
(Midrash on Song of Songs 5:2)

"I stopped looking for the light and decided to become it instead." (Anonymous)

"It is never too late to be what you might have been." (George Eliot)

"Thinking 'I can't' is idolatry. If the Almighty helps us, we can change the world." (Rabbi Noah Weinberg)

"If you believe breaking is possible, believe fixing is possible." (Rabbi Nachman of Breslov)

"A great attitude becomes a great mood, which becomes a great day, which becomes a great year, which becomes a great life." (Zig Ziglar)

"Open the door and God will show us the way through. All God ever asks us to do is wake up every day and try."  
(Anonymous)

"The sole purpose of all mitzvot is to develop one's personality, each Mitzvah in its own way." (Adin Steinsalz)

"How wonderful it is that nobody need wait a single moment before starting to improve the world." (Anne Frank)

May we all be renewed in our efforts to practice *tikkun olam* this coming year...to make this world a little better because we were here.

Blessings,

*Cantor Jan*

The Clergy would like to greet you and wish you a Happy and Healthy New Year. Come on by, say hi to the Clergy, and pick up your apples and honey generously donated by the Sisterhood.

### **BAND JAM**

Following Tashlich, about a half hour after the Rosh Hashanah Day 1 morning service ends, our talented, though smaller, masked band members Michael, Steve and Ezo, will jam familiar High Holy Day music for you to enjoy as you eat lunch.

### **FAMILY AND YOUTH SERVICE**

Members of the Youth Group will lead some of the prayers and our clergy will share a lesson and song or two.

Join Rabbi G for a short early morning meditative walk at Robbins Park (far parking lot). Masks and social distancing will be observed. Weather permitting, advance registration required, limited enrollment. Email [bethemet@templebethemet.org](mailto:bethemet@templebethemet.org) to register.

**STUDY SESSIONS:** Schedule and class listing TBD closer to Yom Kippur.

### **TASHLICH (In Person Social Distanced)**

Tashlich is a symbolic ceremony where we throw away our sins.

Go to a body of water, even your pool (or maybe you have a big bathtub) toss away those sins and fears.

Or come join us at the Temple along the canal for our brief service. We sing a song or two and say a prayer or two and symbolically toss our sins away. You need only a contrite heart and some bread crumbs or crushed crackers. You can also go to the beach and write your sins and failures in the sand and watch the ocean sweep them away. Join our anonymous Menti.com program (info forthcoming) and list some of your failures, but also list your successes. No need to beat yourself up this year. WE'VE ALL BEEN BEATEN UP ENOUGH! Of course, this is only the start. The hard work now falls on you.

### **YOUNG FAMILY SERVICE**

Geared to families of young children, ages 2 – 6 (this does not mean that the adults can't attend one of our regular services). Join Miss Sylvia, Miss Robin, Cantor Jan and the Rabbis for a short service of song and story about Rosh Hashanah and Yom Kippur. We are also hoping for a surprise appearance from Miss Gayle.

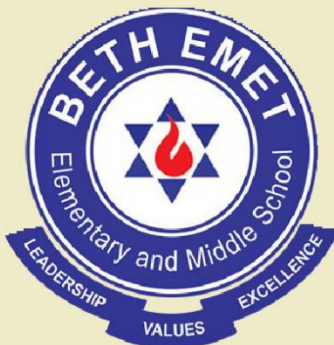

# Introducing the Best Jewish Education in Broward County – **BETH EMET SCHOOL**

## Expanding to K-8 • 7th Grade Opening for 2021-2022

At Beth Emet School, we are committed to having our students reach their full potential through a challenging, academically advanced curriculum and a warm, supportive environment that promotes critical thinking, creative expression, self-esteem, social and emotional learning and Jewish ethics.

*“A Beth Emet student will learn to contribute to the community around them and become a successful, integral piece of a much larger and complex world.”*

## At Beth Emet...

- Low student/teacher ratio
- Access to advanced technology
- Individualized attention
- Accountability
- Differentiated Instruction
- SEL implicit and explicit integrated lessons
- Dedicated STEM Core Class
- Judaic Studies / Judaic History
- Hebrew Language Education

## Elementary excellence

Our passionate approach to learning and teaching stimulates students to grow and develop, gain confidence, and take risks. Beginning in Kindergarten, students are instructed in: Language Arts and Literature, Math, Science, Social Studies, Hebrew & Judaic Studies, Chess, Sports, Swimming, Music, Art, Spanish, Agronomy, Dance, and STEM utilizing the same technologies employed in the Middle School. With a focus on cultivation of life-long skills, students are encouraged to think critically and independently.

## Building Jewish Values & Identity

## Technology everywhere – in school, and at home

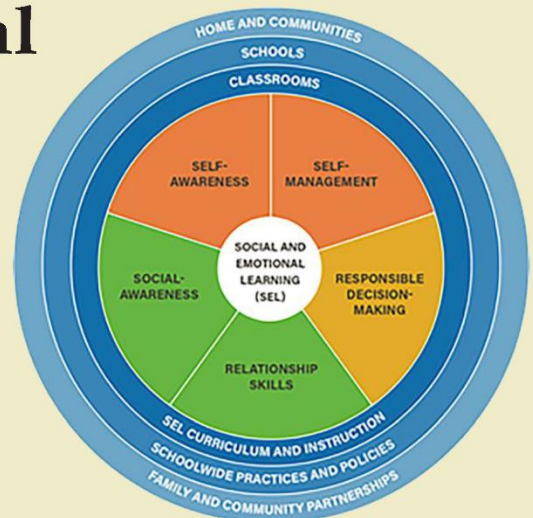

In today's world, it is becoming more evident that many careers involve a high level of understanding of science, technology, engineering, and mathematics. At Beth Emet Middle School students will engage in STEM classes that will challenge their thinking. Students will investigate and engineer solutions to problems as well as construct evidence-based explanations of real-world phenomena.

The units of study will vary throughout the semesters. Our zSpace Lab, equipped with 3-D virtual reality computers, is integrated with various core subjects, and each classroom is equipped with a Clear Touch Interactive Board. Students also utilize Google Classroom and Google Drive which allows them to access their work from anywhere.

## A strong focus on social & emotional learning

We as a school want students to develop the ability to self-manage their emotions and stress in order to navigate their way through their schooling and apply the same strategies in real life situations. These skills can be taken with them as they leave us and head to high school and college.

Working together, as a team, is the best way to achieve these goals for the students. We look forward to partnering with you to ensure the best for your child.

## A Near School Year... a new chapter in our lives...

We hope your family enjoyed your summer. What a challenge to begin a year once again in the unknown. Throughout this pandemic we have to live in the grey...the answers come slowly. We make decisions with patience, caution and intelligence. As a community we strive to make decisions that show our care for the health and safety of our Beth Emet community. We're happy to see all of our returning students and we are excited to meet our new students coming into our Early Childhood Center.

For some of us, the first day of school is a magical day. It is the beginning of so many things. The children may start with a new backpack, new classroom, new friends, and a new teacher to meet and greet. As we open the door to all of this newness we are filled with anticipation and excitement of the year in front of us. Let us rejoice in this magical time for our children and celebrate what their year will bring. Each child will approach this newness in their own way; we will be there for hugs, or we will step back and observe the students that jump right in. We meet them where they are.

Our curriculum is developmentally appropriate, meeting the children's academic and social needs and challenging them to go to the next level in all areas including: literature, science, math, social studies, and Judaic experiences. Over the course of the year the children's social growth will be a large part of our school focus. At the end of the year our goal is that the children feel competent, proud, independent, loved and eager to learn. We hope to support them as they strengthen their self-esteem that they will carry forward in their lives. The quality of our school is truly something to boast about. We earned our NAEYC accreditation for being such an amazing school with extremely high standards!

Over the years we have watched so many children enter our school grounds for the first time. I wish we could pass on to you our knowledge and many years of experience as your child comes into our program, but we realize this is not possible. There are parts of life you have to experience on your own. But rest assured we treasure your children. We will do everything in our power to make their early childhood years safe, filled with warmth and at the same time teach them valuable life lessons. May this year be a wonderful school year for all of us.

## Aaron and Brody Stoller

Aaron & Brody will be called to the Torah as a B'nai Mitzvah on Friday September 17, 2021.

Aaron and Brody are beginning 8<sup>th</sup> grade at Pioneer Middle School in Cooper City. Aaron is an honor student and a member of the National Honor Society. He is a motivated student and very diligent in his studies. He enjoys electronics

and riding his bike. Brody is also an honor student and his favorite class at school is PMTV where he can assist with school announcements and the radio station. He loves Cobra Kai and spending time with family. Both boys have been a part of Temple Beth Emet since they were two years old and have always considered Beth Emet a home away from home. The boys' mitzvah project will be the Wounded Warrior Project to help our injured veterans.

Aaron and Brody would like to thank Rabbi Greenspon, Rabbi DeWoskin, Cantor Jan, and a special thanks to Debra Dayan who helped the boys prepare for this special day.

## Jayden Shapiro

Jayden Shapiro will be called to the Torah as a Bar Mitzvah on Saturday September 25, 2021. Jayden began his Jewish education at Beth Emet Elementary School. Jayden and family are beyond grateful for the teachers and staff that have taught him so much and been such an influential part in his growth throughout the years.

Jayden is currently a 7<sup>th</sup> grade student at NSU University School. He enjoys swimming, youth group, creating and playing video games, and spending time with his family. Jayden lives in Cooper City with his parents, Heather and Daniel, his little brother, Mason, and two dogs, Charlie and Bella.

For his Mitzvah project, Jayden chose to create a fundraiser to benefit Joe DiMaggio Children's Hospital. The proceeds from his fundraiser were used to make joy bags for children and teens receiving treatment at the hospital. The bags were filled with toys, games, activities, and comfort items. Jayden, with the help of family and friends, assembled the joy bags and delivered them to the children's hospital.

Jayden would like to thank Rabbi Greenspon, Rabbi DeWoskin, Cantor Jan, and Mora Valerie for their guidance, leadership, and teachings over the years. Jayden has been working hard to prepare for his upcoming Bar Mitzvah, and gives special thanks to his tutor, Debra Dayan, for mentoring him for this special occasion.

## Yale Nieburg

Yale Nieburg will be called to the Torah on Saturday, September 25, 2021. Yale is an 8<sup>th</sup> grader at Pioneer Middle School and has been attending Hebrew School at Temple Beth Emet since the 3<sup>rd</sup> grade.

Yale lives with his parents Neil and Jill, his sister Brea and his beloved hamster Itsuki. Yale is an avid ice skater; he's been taking lessons at Pines Ice Arena for the past 5 years. Yale also enjoys gaming. He loves creating new worlds on Roblox and Minecraft. When Yale is not skating or gaming, he can be found boogie boarding and collecting shells on the beach. The beach and surrounding waterways are very important to Yale and his family. He has been participating in beach clean ups and his family has a monthly donation to 4Oceans; a company that takes plastics from the ocean and repurposes them into bracelets and jewelry. Yale has set up a donation page at 4Oceans so others can research and donate to the cause as well.

We would like to thank everyone who has helped Yale prepare for his Bar Mitzvah. A special thanks to Debra Dayan for having the patience to tutor Yale through his weekly lessons. We know that was not always easy, but he's confident and ready to go.
