## Rabbi's Ramblings

Rabbi Bennett Greenspon

We have just finished our Seders. We have once again left Egypt and began wandering through the wilderness. We have seen miracles and still complained about not liking the food or the accommodations. We will soon complain about the restrictions that Moses will impose upon us as well as those of God. The giving of the Ten Commandments is nigh. It will be a powerful moment; there will be fireworks, thunder and lightning, earthquakes and total silence. We will be impressed for a few moments and then go back to our normal lives.

This last year has been a year of tension, sadness, stress, challenges, disappointments, grieving, loss, calamity and a myriad of problems and non-pleasant emotions. It has been a year of judgment in that we have judged, shamed and shunned others for not reacting or acting as we would have wanted them to behave.

But this last year has also been a year of miracles, compassion, hope, and yes, joy. Many of us have discovered or rediscovered the simple pleasures of life. We have found that a simple walk with a loved one can bring joy. We have discovered that we don't have to go on long expensive trips to find satisfaction. We have discovered that we miss community and being able to gather with others without fear of contagion.

Will our lives be different going forward? For sure! Just as our lives were different after Sinai! We will be doing things differently and we will still be complaining. But we will also, hopefully, be appreciative of the miracles and the people around us.

Looking forward to seeing you in person, even if elbow bumps are the new normal.

*Rabbi Bennett Greenspon*

## Rabbi's Writings

Rabbi Frank DeWoskin

Rabbi Lord Jonathan Sacks wrote, "Happiness takes many forms. There is the happiness of one who is at peace with the word, and the happiness of one who challenges and changes the world. There is the happiness of Mozart, as sweet and natural as a spring breeze, and there is the happiness of the late Beethoven string quartets, carved from the rock by struggle and pain...One of the key words for happiness in the Hebrew Bible is *ashrei*...the reality that happiness is not a single thing, be it a feeling, an emotion, a state of mind, or a judgement upon a life as a whole. It is many things, the sum of which is greater than the parts."

I recently performed a wedding ceremony and, as part of the *sheva brachot* (seven blessings) recited several words that talk about exuberance, light, sublime joy and the happiness of celebrating together. This Jewish ceremony stresses the beginning of life together and the pure joy found in that moment.

Judaism focuses on acknowledging many moments of happiness, with celebrations and with blessings. Many things draw me towards a state of happiness: spending time with my family, praying with our community, learning with one another, laughing together, guiding life cycle events, talking with an old friend, being a part of something greater than myself. I even felt a wave of gladness as I sat in the dentist chair for the first time in a year and a half (due to Covid) and appreciated the chance to care for my body (side note: the song "Happy" was playing over the speakers).

What leads you to being happy?

I look forward to realizing and celebrating many happy moments with you in the months ahead.

*Rabbi Frank DeWoskin*

As we enter the season of Pesach, I am reminded that one of the many ways we refer to this wonderful time of year is "*z'man cherutenu*" (season of our freedom).

I hope some of these thoughts about the meaning of freedom inspire you in your Passover celebrations....

"I will walk about in freedom, for I have sought out Your precepts." - Psalm 119

"Everything that is really great and inspiring is created by the individual who can labor in freedom. "  
- Albert Einstein

"Life without liberty is like a body without a spirit. "  
- Kahlil Gibran

"May we think of freedom not as the right to do as we please, but the opportunity to do what is right. "  
- Peter Marshall

"We must be free, not because we claim freedom... But because we practice it." - William Faulkner

"Freedom is the open window through which pours the sunlight of the human spirit and human dignity."  
- Herbert Hoover

"Freedom is the opportunity to be what we never thought we would be." - Daniel J. Boorstin

"For to be free is not merely to cast off one's chains, but to live in a way that respects and enhances the freedom of others." - Nelson Mandela

"I've found that there is always some beauty left... in nature, sunshine, freedom... in yourself. These can all help you. Look at these things, then you find yourself again, and God... And then you regain your balance. "  
- Anne Frank

**May you have a sweet Pesach, filled with the many blessings and lessons of our beautiful history and heritage!**

Cantor Jan

## The Importance of Classroom Jobs

Students' Monday mornings are exciting at Beth Emet School. It is the start to a great new week, and every student in kindergarten discovers his/her new classroom job. We are greeted with a smile and an air hug at carpool, and the most important question of all, "Are we getting our new jobs today?" We enter the classroom, unpack our backpacks, and sit at our desks at record speed! We greet our distant learners on Zoom, and we are ready for our new weekly jobs. Classroom jobs teach us important life skills, such as early literacy, math, social skills, interdependence and responsibility.

Our jobs teach us early literacy skills. We begin our routine with the **Schedule Reader**, who reads our daily schedule. It shows us everything that we will be doing that day in order, including our academic subjects, snack time, and most importantly, recess time! Our **Calendar Reader** signs on to [www.starfall.com](http://www.starfall.com) on the Clear Touch Board. We use an interactive calendar that accommodates both in class and our distant learners. Fridays are special for calendar readers because we get to mark special events that happened during the week, including losing a tooth and celebrating a birthday. Our **Mensch Commitment Leader** reads us our classroom commitments or rules every morning.

Math concepts are introduced while we are completing jobs. The **Days Counter** lets us know how many days we have been in school so far and allows us to introduce place value in Kindergarten. We have a pocket chart that includes the ones, tens and hundreds place, and use straws to represent each day. The student counts the straws and puts them in the correct place value along with a number card. Every ten straws create a new bundle, which we put in the tens place. We call this bundle day! Every ten bundles create a bigger 100 bundle that will eventually go into hundreds place. **Money Counter** follows days counter, placing the correct amount of money in our "bank" that represents how many days of school we have had. This introduces us to different coins, allowing us to see what they look like and how much they are worth. The 100<sup>th</sup> day of school was exciting because we finally reached \$1.00! The **Children Counter's** job is done on the Clear Touch Board. They write the addend for girls and boys each and then find the sum of all the children.

We also have our **American Flag Holder** and **Israeli Flag Holder** during morning assembly, **IT Helper**, **Weather Reporter**, **Line Leader**, **Door Holder**, **Recess Roundup Leader**, **Floor Inspector**, **Noise Monitor** and **Stretch Leader**. They learn important life skills and gain a sense of pride. They learn the sense of responsibility fulfilling their jobs and enjoy feeling that their peers are relying on them. We are an amazing classroom community where everyone is important, reliable and trustworthy! Teaching to the whole child comes to life throughout our day in Kindergarten.

## What is a true assessment of a Preschooler?

Each year we meet with families at least twice during the school year to provide a glimpse into their child's school experience. As a research-based Early Childhood Center we continue to explore what an authentic assessment looks like for a preschooler.

This year we worked hard to create a "Learning Story" for each child. We refer to observations, photos, art and writing samples and informal conversations that take place throughout the year to "assess" each child. We try to touch on the domains of Social/Emotional, Fine Motor, Gross Motor, Cognitive, Literacy, Math and Science to have an overall view of the students.

learn. We hope that the Learning Story begins to capture the essence of each of our students. We look at their disposition to learn, to try new activities, to persevere, to ask questions and to transfer knowledge. How do they handle change, frustration or waiting? Are they interested in the ideas of others and do they like stories? Who are they as a learner and as a person?

We use assessment every day, from the moment a child gets out of the car to the development of goals for long-term projects - we are constantly assessing. If it were not for assessment, we would not be able to appreciate their accomplishments or build on our next

moves!

Our teachers are extremely familiar with developmentally-appropriate benchmarks. Through detailed observation of our students immersed in learning, our teachers use this benchmark knowledge so that they can share accomplishments with their students and their families, while guiding them toward their next powerful understanding and milestone.

Most importantly, from these observations, teachers plan their next steps, and they plan what areas to target for direct or small group instruction. Teachers ponder what questions the students have as they build high, paint their hands, fit their body into a small cubby, mix ingredients in a science experiment...what are these students trying to figure out and how can we assist them on this journey? We don't give answers, yet we create amazing learning opportunities for their exploration, independent discovery and critical thinking!

## ***Did you smell the Hamantaschen baking in your neighborhood?***

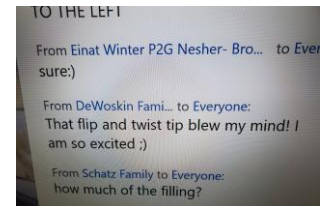

Our second installation of Shabbat Across the World – *Purim Edition* – was a weekend full of “Boo’s” for Haman, colorful masks to cover our eyes (not just our mouths), beautiful outside Havdalah service at TBE, time travel at the He’bros drive in movie experience and Mitzvah Madness. Our highlight of the *Purim Edition* was, however, the smell of Hamantaschen radiating throughout our neighborhood and across the ocean to Israel!

Jennifer and I were thrilled to host our very first virtual Hamantaschen Bake as part of Shabbat Across the World – *Purim Edition*! It was such an amazing opportunity for us to be able to connect between our Merkaz Limud (Hebrew School) classes & families, our surrounding community, our friends and families in Orlando & Tampa – and best of all, our friends and Partners 2Gether in Nesher, Israel!

***We were elated to have more than 70 screens on Zoom, with over 130 participants!***

Once everyone was settled in and ready to start, I explained step-by-step the process of making the dough and how to form the shape of Haman’s hat. It was very helpful to have the technology that we invested in at the beginning of the school year, in order to make this experience such a success, including the big 65-inch TV screen and professional camera that allowed us to zoom into and focus on the steps of what I was teaching. Einat Winter, our Partnership 2Gether liaison, helped to manage the chat for any questions or comments posted. It was so much fun to teach a cooking experience, as cooking and baking are both passions of mine. We enjoyed seeing everyone in their homes and in the classrooms participating and having fun.

Once the Hamantaschen were bursting with yummy fillings like chocolate spread, dulce de leche, fruit fillings like raspberry, strawberry, apricot, and formed into their unique triangle shape, participants were let in on the secret twist that keeps the Hamantaschen from opening up while in the oven. As the delicious smells of Hamantaschen were wafting through the air here and in Israel, we were joined by a very special Gamemaster – Mr. Silvio! Mr. Silvio impressed us with his ability to include every participant, from children to adults, and in English and in Hebrew, in fun games and humor that entertained all of us! He got us moving and grooving while we all anxiously waited for our oven timers to beep!

We truly had such a great time that we are already planning our next cooking experience and will keep you updated with the details. In the meantime, we invite you to go on our Facebook page and check out the beautiful pictures of the yummy Hamantaschen that were baked that day. The smiles on everyone’s faces are priceless.

***Shalom!***

## ECC Camp (3 mo – 4 yrs) and Day Camp (K-7<sup>th</sup> Grade)

Camp Beth Emet has created a program that exposes the children to a multitude of specialists, and it's one of the best things about our camp! Children get to try their hands on and expose their minds to many different activities.

We have amazing sports planned to keep active toddlers to teens busy all day! Your child will be exposed to five different sports programs - playing tag football, soccer, basketball, team sports and many other amazing athletic experiences. In addition to our sports program, our camp activities include swimming, art, cooking, karate, yoga, tumbling, hip hop/dance, parkour and animal encounter. We even add in some fun academics so we stay active mentally and physically! There are bounce houses, water slides, shows and field trips to keep all the campers smiling. (All pending Covid Safety policies.)

Our swim staff from "Just Swim" is amazing! They group the children according to their skills and work with them one on one or in very small groups to teach them water safety, swim skills or how to just be comfortable in the water. Our swim program is extremely successful, and it benefits the children tremendously. The older children love to free swim in our big pool!

In addition to great programming we focus on positive social development for each and every camper. Summer camp is a great place to learn the true value of strong friendships. Our counselors have to be amazing role models. It starts at the top, and at Camp Beth Emet we know that and we live that! Join us this summer and watch your child open their mind up to exploring new activities, new friendships and new

creative experiences. Let this be the summer of your child's life. We get one summer each year, let's make this summer the BEST!

Covid policies will be defined as we get closer to the summer. We are paying close attention to the CDC and the Health Department for the latest updates.

Join us at CAMP BETH EMET--- where children are treated with respect, compassion and a little bit of silliness - in addition to a slice of normal in an unusual time!

## **Sarah Black**

Sarah Black will be called to the Torah as a Bat Mitzvah on Saturday, April 10, 2021. Sarah began her Jewish education at Temple Beth Emet Early Childhood Center and has continued in the Merkaz Limud program.

Sarah is a 7<sup>th</sup> grade student at Walter C. Young Middle School where she enjoys spending time with her friends. Sarah is an outgoing young lady who enjoys music, creating video edits of her favorite shows, going to the beach, and teaching herself to play songs on the piano.

Sarah takes the time to educate others on issues she cares deeply about and is an outspoken advocate for equality. Preparing to become a Bat Mitzvah this past year via FaceTime has been a unique and challenging effort for Sarah, but she has proven that she can do whatever she sets her mind to.

Our family would like to extend a special thanks to Paula Bergman for her patience, encouragement, and tenacity in helping Sarah to reach this milestone in these special circumstances. Paula holds a special place in our hearts for having prepared all three of our children for their Mitzvahs.

## **Alicia Matter**

Alicia Caitlyn Matter will be called to the Torah on Saturday, April 17, 2021 as a bat mitzvah. Alicia is a seventh-grade student at Pioneer Middle School where she excels as a high achiever and her favorite subject is Civics.

Alicia enjoys spending her time playing sports. Along with playing recreational soccer, she plays on her middle school basketball and flag football teams. When Alicia is not playing sports, she enjoys socializing with her friends and shopping.

For Alicia's Mitzvah Project she collected essential items for kids in need and created bags for the Bags of Hope charity. Alicia is very passionate about helping others, especially other children. Bags of Hope provides duffle bags with essential items to children in foster care so they have something to call their own. Check them out at <https://bagsofhope.org/>

We would like to thank Debra Dayan for guiding Alicia on her journey to becoming a bat mitzvah. We would also like to thank Rabbi Greenspon, Rabbi DeWoskin, Cantor Jan and the entire TBE family for all they do. Despite the hardships presented during the past year as a result of COVID-19, our TBE family has gone out of their way to make learning and preparing for this momentous occasion seamless.

We are so proud of the warm, caring, strong and independent woman Alicia has turned into and we look forward to watching her grow even more. Mazel tov Alicia!

## Nayeli Payenson

Nayeli Cabrera Payenson will be called to the Torah as a Bat Mitzvah on April 17, 2021.

She is currently attending school at Indian Ridge Middle and doing a marvelous job even during this difficult year. She has really grown up, becoming an amazing young lady who is very responsible, dedicated and caring. Her favorite subjects are math, technology, and peer counseling.

When she is not doing homework or “in school”, she enjoys skateboarding with her friend Danielle and playing tennis. She has also been a part of the South Florida Cloggers since 2014 and recently was promoted to the Senior Advance Team. She just shines when she is on stage dancing with her big smile and high energy.

These days she relaxes by watching Anime and reading books on her favorite perch on the fence. She enjoys traveling, paddle boarding and kayaking. She loves adventure and cannot wait to start surfing and scuba diving lessons. We are so proud of her continued growth as she is becoming a more independent, confident and mature young lady.

Thank you to so many at Temple Beth Emet for your love and support for Nayeli and the rest of our family. An immense hug and thank you to Paula Bergman, for her unwavering patience, support and guidance on this road to Nayeli's special day. We would have never made it without you.

## Megan Levine

Megan Levine will be called to the Torah as a Bat Mitzvah on Saturday, April 24, 2021. Megan began preschool at Temple Beth Emet when she was 2 years old and continued through Pre-K. She has attended Merkaz Limud since the 3<sup>rd</sup> grade and also enjoyed many summers at TBE camp.

Megan is a kind, fun and loving person who loves spending time with her family and friends. She enjoys playing soccer, piano, drama, art and gymnastics. Megan is a 7<sup>th</sup> grader at Falcon Cove Middle School in the gifted program. She has excelled in her classes receiving straight A's in 6<sup>th</sup> grade and, so far, in 7<sup>th</sup> grade as well.

Megan has a strong love for animals having grown up with her dogs, Reggie and Rosie. She has been a volunteer at the Humane Society of Broward County since the 3<sup>rd</sup> grade and participated in their youth programs where she attended workshops and helped care for, feed and play with their resident animals. She also joined in the Humane Society's annual Walk for the Animals for many years. For her mitzvah project, Megan chose to organize a fundraiser that donated over \$600 in support of their 2021 Walk for the Animals.

Megan and family would like to thank Rabbi Greenspon, Rabbi DeWoskin and Cantor Jan for their support and guidance all of these years. We send a special thank you to Paula Bergman for the many hours of mentoring, patience, care and guidance to help prepare Megan for her momentous day. We are so proud of Megan's hard work and accomplishments and cannot wait to see what the future holds for our amazing daughter.

On May 1, 2021 Temple Beth Emet and Beth Emet Schools (3 months – 7<sup>th</sup> grade) will join together to host our Annual Gala Fundraiser. Sponsorships, Underwriting and Silent Auction Items are crucial to the success of this important fundraiser, this year more than ever. All proceeds directly benefit academic and program expansion, facilities maintenance and upgrades, and financial assistance for those in need. A portion of the proceeds will be contributed back to our community and benefit **Showering Love**, an incredible local 501(c)3 whose mission is to restore dignity, hope and health to people experiencing homelessness by providing showers and other supportive services.

We invite you to participate in the Gala, which will include 100's of virtual guests comprised of TBE members, parents, teachers, staff and community. This year our theme is "Shaken & Stirred" The Ultimate Virtual Mixology Gala. Guests will receive a mixology kit filled with everything they need: tools and cocktail supplies, designed and hosted by world renowned mixologist Tony Abou-Ganim. <http://www.modernmixologist.com/>

So how can you get involved?

1. **SILENT AUCTION** This fundraising event features a silent auction of products and services generously donated by businesses, local merchants and professionals. This is an amazing and inexpensive way to promote and highlight your company's products and services while giving back.
2. **SPONSORSHIPS** This is an excellent opportunity for you to be part of the success of Temple Beth Emet and support our community. All sponsors will be recognized at our 2021 Gala and year-round. **This is your chance to make an IMPACT!** *(Details can be found on pages 14, 15 and 16 of this bulletin.)*
