

A Prayer for Ukraine

God in heaven.

Creator of all flesh, Worker of wonders,
Do not stay silent; do not remain voiceless;
do not keep aloof.

For an evil man has come to power and
declared war on another country, saying
'We will rise up violently against you in battle.'

But you, God, have commanded us in your
sacred scriptures, saying. 'Do not stand idly by
the blood of your neighbour: I am God.
Therefore, make the aggressor desist from destruction.

We pray to you now, God of the spirits of all flesh,
to use your infinite power to
end these acts of bloodshed and terror.

Spread peace across the earth and
bring joy to all its inhabitants,
so that the words of the prophets can be fulfilled:

The warrior's bow will be broken, and peace will be
promised to all peoples.

God will judge between the nations and
arbitrate between many countries.

They will beat their swords into ploughshares
and their spears into pruning hooks.
Nation shall not lift up sword against nation
neither shall they learn war anymore

And let us say Amen
