# TORAH IN A BOX – BRACHOS BEE

---

The goal of this activity is for the individuals involved to recall and identify the bracha rishona (and achronal) for many foods.

## MATERIALS

---

- Chart of different foods and the corresponding Brachos
- Optional – real food to make a bracha party with, i.e. apples (eitz), potatoes (Adamah), etc.

## RULES/GUIDELINES

---

1. (Optional) Give out the sheets as a study guide to prep for the big Brachos bee
2. Quiz everyone on the correct Bracha for the corresponding food. If possible, set up a Jeopardy style game show where players compete for who can “hit the buzzer” first and get points for answering the question correctly. Whoever answers the most questions correctly wins!
  - a. To make the Brachos bee more difficult, quiz everyone on the Bracha Achrona as well.
3. (Optional) After the Brachos bee, put out different foods and have a Bracha party, where everyone goes around making Brachos on all different types of foods!
