JEOPARDY!

1. Choose someone who will be the leader
2. Play individually or in groups.
3. Whomever is chosen to go first should pick a category and a point value.
4. The leader then reads the corresponding question from the Answer-Question Sheet (the questions are all in answer form)
5. The person or team that is chosen must give the answer in the form of a question. The right answer not in a question form should be disqualified.
6. You may want to set a time limit on how long they have to answer
7. If the wrong answer is given the other participants or team can “steal” the question.
8. Switch off between people/teams
