# TORAH IN A BOX - MATCHING MEMORY GAME

---

## MATERIALS

---

- Printed sheets: There are 44 Yom Tov related cards that need to be cut out
  - Tape/Glue
- 

## SET UP

---

1. Cut out each card along the dotted lines
  2. Fold the cards along the thick black line so that one side has the logo and the other is the picture. This double cover will ensure that the card is not "see through"
  3. If the card is not staying folded then put a little tape/glue on one of the edges to keep it in place
  4. There are three cards that can be used to personalize this game for your family, be sure to fill them out. You can print as many of the blank card as you want!
  5. Lay all the cards face down in a grid
- 

## TO PLAY

---

- 1) Whomever goes first turns over any two cards if it's a match they keep the card and go again. Otherwise they turn the cards back over
- 2) Switch off until all the cards are done. Whoever has the most wins!
