# COVID-19 UPDATE

April 11, 2022

---

Dear Shalom School families,

As Passover break approaches, we have been advised by the California Department of Public Health to have every student take a COVID-19 test the day prior to returning to school from a long spring break. As such, please make the following plans:

- Please plan to give your child(ren) a COVID-19 test on Sunday, April 24<sup>th</sup> and email your negative result to [shalomdove@shalomschool.org](mailto:shalomdove@shalomschool.org). (Please note that children who have tested positive for COVID-19 in the past 90 days are exempt from this requirement).
- Though we strongly recommend indoor masking for all students at all times, we encourage your child(ren) to remain masked indoors for the week after returning from break if your family is traveling during Passover break or attending indoor gatherings with people outside of your home. Please communicate with your child(ren)'s teachers if there is a change in your child(ren)'s masking plan.

Our primary objective continues to be mitigating the spread of COVID-19 and keeping our school and programs fully operational. We rely on our community and on one another to make this a reality and we thank you in advance for your cooperation.

I hope your family has a meaningful Passover.

In community,  
Jilian
