## The Letter ה

New Hebrew readers often have a difficult time with the letter ה. Remind your child that it acts just like the letter "h" in English. If the letter "h" is at the beginning of a word (like "help") it makes a sound. If it is at the end of a word (like "shah") it is silent. The silent ה occurs frequently in Hebrew. Your child will get used to it with practice!

## One Hundred Brachot a Day

Our tradition teaches that we should strive to say one hundred *b'rachot* (blessings) a day. There are blessings for everything, from seeing a rainbow to wearing a new jacket to eating a fruit for the first time in a season. They all begin with the *b'rachah* "formula": *Blessed are You, Adonai our God, Ruler of the Universe...* Over the next few days, help your child find things in the world for which to thank God. Use the *b'rachah* formula and add your own ending. For example, perhaps you can say a blessing during a happy family moment or upon seeing a beautiful tree. Help your child find the work of God in the wonderful world that surrounds us!
