

Early Start/Extra Help B'nai Mitzvah Training

Students are welcome to begin B'nai Mitzvah training early at Temple Aliyah. If parents feel that students have difficulty reading Hebrew, have other learning or behavioral difficulties, have been challenged in their Religious School attendance and would benefit from having additional training time, they may elect to enroll their students in the Early Start B'nai Mitzvah tutoring program. Early Start Training involves one lesson per week for one half hour prior to the usual eight month start period. At the usual one year start time, an assessment will take place to evaluate the educational needs of the student. At that time, it may be recommended that the student continue receiving the additional tutoring support in the form of a secondary tutoring time each week in addition to regular sessions with the cantor. Students who have already enrolled in their general training at 8 months and who need extra help in preparing for Bar/Bat Mitzvah may also elect to enroll in our Extra Help program to receive a secondary tutor during the week.

There is an additional Early Start/Extra Help tutoring fee of \$100/month.

Yes, I would like my child to be enrolled in the Early Start/Extra Help Program

Child's Name: _____ Parents: _____

My child's Bar/Bat Mitzvah date is: _____
