

Bonai Shalom continues to closely monitor guidance from the CDC, federal, state and local public health authorities. Please continue to follow our current COVID-19 policies as detailed below.

Below is one new incident that was reported to the Office. Contact tracing is being conducted for the incident:

Incident #1

CBS notification date: November 23.

Diagnosis: Positive COVID-19 test result.

Last date the affected team member was onsite: November 20. Shabbat Services and Jr. Congregation.

Date of symptom onset: November 21

Number of close contacts identified and contacted: In Process

Incident classification: Pre-symptomatic, meaning the person was not displaying symptoms while onsite at CBS.

Since it has been more than 72 hours since the person was last onsite, no additional sanitation is necessary.

Please continue to follow our current COVID-19 policies:

- If you experience any COVID-19 symptoms – no matter your vaccination status – please do not come to Bonai. We advise you to take a test and take the appropriate steps.
- Follow face covering mandates.
- Practice social distancing where possible.
- If you are identified as a close contact and you are fully vaccinated, you do not have to quarantine.

We are following the guidance of Boulder Valley School District, "**Exemptions to quarantine include:**

Fully vaccinated - 2 weeks past the 2nd dose of vaccine (vaccine record required as proof)

COVID positive within 90 days of exposure (test results required as proof)"

For more information on how to get a vaccine, please visit our COVID-19 page
