## TRUE COLORS

### A virtual performance by The Braid

Humorous, revealing and inspiring stories from Jews of Color exploring identity, community and being a Jew in modern times.

---

*True Colors*, a salon theatre show tells disparate and riveting stories about Jews of Color. While all people face challenges and struggles, Jews of Color have many touching and unique stories to tell about resilience, self-respect, and celebrating the many colors and voices in our community.

The stories in *True Colors*, ostensibly about Jews who feel “different,” actually remind us how very much alike we are. In *True Colors*, audiences will meet unforgettable characters who tell personal stories about how they see themselves and how others see them. Ironically, while many American Jews can reach consensus about a commitment to social justice for others, they do not always embrace diversity in their own community. The enlightening show will explore the impact of living as Jews of Color when inclusion and equity are not always practiced in the Jewish Community.
