# Long Term End-of-Life Planning Form

End-of-life issues are often challenging to discuss in advance, but having a clear record of your intentions regarding end-of-life plans can help ensure that when the time comes, your family, friends, and support network, are in the best position to see that your final wishes are carried out appropriately.

An important resource is the halachic living will, which can be downloaded at [nasck.org/1-2-3/](http://nasck.org/1-2-3/), from the website of the National Association of Chevra Kaddisha. If you need help downloading the file, or have any questions, feel free to be in touch with [Rabbi Keil](#).
