---

February 25, 2022

In light of recent revisions to Montgomery County's Indoor Mask Mandate, at this time and effective immediately, the following clarifications/changes will be instituted at Magen David until further notice:

- At this time, we are lifting our indoor mask mandate for those who are fully vaccinated in accordance with Montgomery County guidelines. However, it is our strong preference that those who are not fully vaccinated continue to wear a mask and maintain social distancing while indoors. Of course, all congregants are welcome to continue to wear their mask and socially distance to the extent they choose to do so.
- Anyone who is not feeling well and/or has a temperature of 100.4 or greater should not come to the synagogue until they are medically-cleared. Those who test positive for COVID should follow the most up to date guidelines regarding quarantine mandates. The same applies for close contacts/caregivers of COVID-positive household members.
- In the event you are diagnosed with COVID-19 within seven (7) days of having attended services at Magen David, please notify us immediately to facilitate our efforts at contact tracing. Your identity will be protected, and this will enable us to promptly notify any impacted parties.
